

General Reserve

During the year ended March 31, 2024, the Bank has made an appropriation of ₹ 6,081.23 crore (previous year: ₹ 4,410.87 crore) out of profits for the year to the General Reserve. Further, the Bank has transferred ₹ 1.34 crore (previous year: Nil) from Employee Stock Options Outstanding to General reserve on lapses of share-linked instruments.

Special Reserve

During the year ended March 31, 2024, the Bank has made an appropriation of ₹ 3,000.00 crore (previous year: ₹ 500.00 crore) to the Special Reserve as per Section 36(1)(viii) of the Income -tax Act, 1961.

Amalgamation Reserve I

The balance of ₹ 1,063.56 crore represents excess of net assets taken over the paid-up value of equity shares issued as consideration with respect to amalgamation of Times Bank Limited during FY 2000 and Centurion Bank of Punjab Limited during FY 2009 with the Bank.

Amalgamation Reserve II

The share capital of ₹ 311.04 crore issued by the Bank as consideration pursuant to the scheme has been adjusted against the corresponding share capital of eHDFC Limited of ₹ 370.29 crore and the difference has been adjusted to Amalgamation Reserve. Further, excess of cost over face value of Investment in shares of the Bank by eHDFC Limited of ₹ 14,006.31 crore has been adjusted to Amalgamation Reserve. Consequently, the Bank has recognised a debit balance of ₹ 13,947.06 crore in the Amalgamation Reserve as a result of these adjustments.

Capital Reserve

During the year ended March 31, 2024, the Bank appropriated ₹ 4,166.42 crore (previous year: ₹ 4.61 crore), being the profit on sale of investments under HTM category and profit on sale of immovable properties, net of taxes and transfer to statutory reserve, from the Profit and Loss Account to the Capital Reserve. Further, the Bank has transferred money received by eHDFC Limited in respect of warrants that remained unexercised amounting to ₹ 0.18 crore to Capital Reserve.

Investment Reserve Account

During the year ended March 31, 2024, the Bank has appropriated ₹ 529.42 crore (net) from the Profit and Loss Account to the Investment Reserve Account as per the RBI guidelines. In the previous year, the Bank had transferred ₹ 294.80 crore (net) from the Investment Reserve Account to the Profit and Loss Account as per the RBI guidelines.

Investment Fluctuation Reserve

During the year ended March 31, 2024, the Bank has appropriated ₹ 378.00 crore (previous year: ₹ 82.00 crore) to Investment Fluctuation Reserve (IFR). As per RBI guidelines, banks are required to maintain an IFR equivalent to 2.00% of their HFT and AFS investment portfolios. The balance in the IFR as at March 31, 2024 is 3.48% (previous year: 2.24%) of the Bank's HFT and AFS investment portfolios.

Foreign Currency Translation Reserve

As at March 31, 2024, the Bank has recognised ₹ 880.11 crore (previous year: ₹ 778.85 crore) as Foreign Currency Translation Reserve on account of translation of foreign currency assets and liabilities of non-integral foreign operations.

Cash Flow Hedge Reserve

As at March 31, 2024, the Bank has recognised ₹ 840.31 crore (previous year: ₹ (92.23) crore) as Cash Flow Hedge Reserve on derivative contracts designated as cash flow hedge.

Draw down from Reserves

The Bank has not undertaken any drawdown from reserves during the years ended March 31, 2024 and March 31, 2023.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

6. Maturity pattern of certain items of assets and liabilities

Assets and liabilities are classified in the maturity buckets as per the guidelines issued by the RBI.

	As at March 31, 2024	1 day	2 to 7 days	8 to 14 days	15 to 30 days	31 days to 2 months	Over 2 months to 3 months	Over 3 months to 6 months	Over 6 months to 1 year	Over 1 year to 3 years	Over 3 years to 5 years	Over 5 years	Total
Loans & advances*		19,197.51	28,391.57	10,400.64	32,401.95	56,013.49	58,227.97	102,982.13	208,848.55	1,012,579.88	304,743.44	651,074.39	2,484,861.52

Qualitative disclosure on LCR

The Liquidity Coverage Ratio (LCR) is one of the Basel Committee's key reforms to develop a more resilient banking sector. The objective of the LCR is to promote the short-term resilience of the liquidity risk profile of banks. It does this by ensuring that banks have an adequate stock of unencumbered high-quality liquid assets (HQLA) that can be converted easily and immediately into cash to meet their liquidity needs for a 30 calendar day liquidity stress scenario. The LCR is expected to improve the banking sector's ability to absorb shocks arising from financial and economic stress, whatever the source, thus reducing the risk of spillover from the financial sector to the real economy.

The Liquidity Risk Management of the Bank is governed by the Asset Liability Management (ALM) Policy approved by the Board. The Asset Liability Committee (ALCO) is a decision-making unit responsible for implementing the liquidity and interest rate risk management strategy of the Bank in line with its risk management objectives and ensures adherence to the risk tolerance / limits set by the Board. The Bank has also set up a senior level management committee, viz., the Group Risk Management Committee (GRMC) under the ICAAP framework of the Bank, to establish a formal and dedicated structure to periodically assess the nature / quantum of material risks of the subsidiaries and adequacy of its risk management processes, including providing oversight for managing liquidity risk. Liquidity for the Bank's domestic banking operations is directly managed at the Head Office. The overseas branches and offshore unit of the Bank independently manage their liquidity requirements with support from the Head Office. Similarly, the Bank's subsidiaries independently manage their liquidity requirements under guidance of the GRMC, which, along with senior management of the subsidiaries, reviews the risk assessment of material risks at the subsidiaries. Further, the Bank maintains suitable systems and processes to monitor liquidity requirements in other currencies as appropriate.

In order to determine cash outflows, the Bank segregates its deposits into various customer segments, viz., Retail (which include deposits from individuals), Small Business Customers (those with deposits upto ₹ 7.5 crore), and Wholesale (which would cover all residual deposits). Other contractual funding, including a portion of other liabilities which are expected to run down in a 30 day time frame are included in the cash outflows. These classifications, based on extant regulatory guidelines, are part of the Bank's LCR framework, and are also submitted to the RBI.

The LCR is calculated by dividing a Bank's stock of HQLA by its total net cash outflows over a 30 day stress period. The present minimum requirement, as on March 31, 2024 is 100%.

In the Indian context, the run-off factors for the stressed scenarios are prescribed by the RBI, for various categories of liabilities (viz., deposits, unsecured and secured wholesale borrowings), undrawn commitments, derivative-related exposures, and offset with inflows emanating from assets maturing within the same time period. Given below is a table of run-off factors and the average LCR maintained by the Bank quarter-wise over the past two years:

Particulars	Run-off factors
Retail Deposits	5% - 10%
Small Business Customers	5% - 10%
Operational deposits	5% - 25%
Non-financial corporates, sovereigns, central banks, multilateral development banks, and PSEs	40%
Other legal entities	100%

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

Quarter ended	LCR Maintained (Average)	LCR Required
March 31, 2024	114.73%	100.00%
December 31, 2023	109.54%	100.00%
September 30, 2023	120.12%	100.00%
June 30, 2023	125.30%	100.00%
March 31, 2023	114.85%	100.00%
December 31, 2022	112.97%	100.00%
September 30, 2022	118.21%	100.00%
June 30, 2022	107.43%	100.00%

The average LCR for the quarter ended March 31, 2024 was at 114.73% as against 114.85% for the quarter ended March 31, 2023, and above the present prescribed minimum requirement of 100%. The average HQLA for the quarter ended March 31, 2024 was ₹ 558,424.94 crore, as against ₹ 442,566.92 crore for the quarter ended March 31, 2023. During the same period the composition of government securities and treasury bills in the HQLA was at 95.74% as compared to 89.95% in the previous year.

For the quarter ended March 31, 2024, derivative exposures (net of cash inflows) / collateral requirements and undrawn commitments constituted just about 0.59% and 1.54% respectively of average cash outflow as against 0.67% and 2.78% respectively for quarter ended March 31, 2023. The Bank has a significant portion of funding through deposits. As of March 31, 2024 the top 20 depositors comprised of 3.33% of total deposits indicating a healthy and stable deposit profile.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

^^ Closing balance in provisions represents provisions on advances aggregating to ₹ 13,643.70 crore (previous year: ₹ 11,693.29 crore) and provisions on investments and foreign exchange and derivatives of ₹ 6.90 crore (previous year: ₹ 39.99 crore).

*includes those accounts where all overdue have been paid.

• Technical or prudential write-offs

As per RBI circular dated June 08, 2023, on “Framework for Compromise Settlements and Technical Write-offs”. Technical Write-offs are cases where the non-performing assets remain outstanding at borrowers’ loan account level but are written-off (fully or partially) by the Bank only for accounting purposes, without involving any waiver of claims against the borrower, and without prejudice to the recovery of the same. Movement in the stock of technically or prudentially written-off accounts is given below:

Particulars	(₹ crore)	
	March 31, 2024	March 31, 2023
Opening balance of technical / prudential write-offs	32,768.64	28,314.79
Addition on amalgamation (Refer Schedule 18(1))*	4,988.87	-
Technical / Prudential write-offs during the year	9,343.08	8,962.87
Recoveries made from previously technically / prudentially written-off accounts during the year	(2,692.25)	(3,058.92)
Sacrifice made from previously technical / prudential written-off accounts during the year	(1,746.95)	(1,450.10)
Closing balance of technical / prudential write-offs	42,661.39	32,768.64

* Special purpose financial statement of eHDFC Limited as at the day beginning on July 01, 2023, had reported technical write-offs amounting to ₹ 4,645.03 crore. Subsequently, the Bank has identified additional technical write-offs amounting to ₹ 343.84 crore. Accordingly, addition on amalgamation reported above is after including those additional technical write-offs.

• Floating provisions

Floating provision of ₹ 12,351.28 crore (previous year: ₹ 1,451.28 crore) has been included under “Other Liabilities”. Movement in floating provision is given below:

Particulars	(₹ crore)	
	March 31, 2024	March 31, 2023
Opening balance	1,451.28	1,451.28
Provisions made / reinstated during the year	10,900.00	-
Draw down made during the year	-	-
Closing balance	12,351.28	1,451.28

Floating provisions shall be utilised as per the Board approved policy for contingencies under extraordinary circumstances and for making specific provision for impaired accounts in accordance with the RBI guidelines / directions.

Particulars	March 31, 2024	March 31, 2023
Gross non-performing assets to gross advances ¹	1.24%	1.12%
Gross non-performing advances to gross advances	1.24%	1.12%
Net non-performing assets ² to net advances ³	0.33%	0.27%
Provision coverage ratio ⁴	74.04%	75.76%

1 Gross advances are net of bills rediscounted and interest in suspense for non-performing advances.

2 Net NPAs are non-performing assets net of specific provisions, claims received from Credit Guarantors, provisions for funded interest term loans classified as NPAs and provisions in lieu of diminution in the fair value of restructured assets classified as NPAs.

3 Net advances are equivalent to gross advances net of specific loan loss provisions, claims received from Credit Guarantors, provision for funded interest term loans classified as NPA and provisions in lieu of diminution in the fair value of restructured assets.

4 Provision coverage ratio does not include assets written-off.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

- Divergence in the asset classification and provisioning**

In terms of the RBI guidelines, banks are required to disclose the divergence in asset classification and provisioning consequent to RBI's annual supervisory process in their notes to accounts to the financial statements, wherever the additional provisioning assessed / additional gross NPAs identified by RBI exceeds the threshold specified by RBI. The threshold for provisioning is 5 per cent (Previous year: 10 per cent) of the reported profit before provisions and contingencies for the reference period and that for additional gross NPAs is 5 per cent (Previous year: 10 per cent) of the published incremental Gross NPAs for the reference period.

Based on the above, there was no reportable divergence in asset classification and provisioning for NPAs for the years ended March 31, 2023 and March 31, 2022.

Transfer of Assets

- Details of non-performing assets (NPAs) transferred during the financial year 2023-2024:**

(₹ in crore except number of accounts)

Particulars	To Asset Reconstruction Companies (ARCs)	To permitted transferees	To other transferees
Number of accounts	-	-	-
Aggregate principal outstanding of loans transferred	-	-	-

- Unsecured advances**

Advances for which intangible collaterals such as rights, licenses, authority, trademarks, patents, etc. are charged in favour of the Bank in respect of projects financed by the Bank, are reckoned as unsecured advances under Schedule 9 of the Balance Sheet in line with the extant RBI guidelines. There are no such advances outstanding as at March 31, 2024 (previous year: Nil).

- Details of factoring exposure**

The factoring exposure of the Bank as at March 31, 2024 is ₹ 23,793.06 crore (previous year: ₹ 12,748.75 crore).

- Intra-Group exposure**

Intra-Group exposures in accordance with the RBI guidelines are as follows:

(₹ crore)

Particulars	March 31, 2024	March 31, 2023
Total amount of intra-group exposures	34,176.68	15,239.68
Total amount of top 20 intra-group exposures	34,176.68	15,239.68
Percentage of intra-group exposures to total exposure of the Bank on borrowers / customers	0.87%	0.57%
Details of breach of limits on intra-group exposures and regulatory action thereon, if any	Nil	Nil

- Unhedged foreign currency exposure**

The Bank has in place a policy and process for managing currency induced credit risk. The credit appraisal memorandum prepared at the time of origination and review of a credit facility is required to discuss the exchange risk that the customer is exposed to from all sources, including trade related, foreign currency borrowings and external commercial borrowings. It could cover the natural hedge available to the customer as well as other hedging methods adopted by the customer to mitigate exchange risk. For foreign currency loans granted by the Bank beyond a defined threshold the customer is encouraged to enter into appropriate risk hedging mechanisms with the Bank. Alternatively, the Bank satisfies itself that the customer has the financial capacity to bear the exchange risk in the normal course of its business and / or has other mitigants to reduce the risk. On a periodic basis, the Bank reviews information on the unhedged portion of foreign currency exposures of customers, whose total foreign currency exposure with the Bank exceeds a defined threshold. A Board approved credit risk rating linked limit on unhedged foreign currency position of customers is applicable when extending credit facilities to a customer. The compliance with the limit is assessed

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

by estimating the extent of drop in a customer's annual Earnings Before Interest and Depreciation ("EBID") due to a potentially large adverse movement in exchange rate impacting the unhedged foreign currency exposure of the customer. Where a breach is observed in such a simulation, the customer is suitably advised to review and manage its unhedged exposure, where deemed necessary.

The Bank holds standard asset provisions of ₹ 392.13 crore (previous year: ₹ 263.00 crore) and maintains capital (including CCB & D-SIB) of ₹ 1,692.53 crore (previous year: ₹ 973.84 crore) as at March 31, 2024, in respect of the unhedged foreign currency exposure of its customers.

- **Details of Single Counterparty Limit / Limit for Group of Connected Counterparties exceeded by the Bank.**

The RBI has prescribed limits linked to a bank's eligible capital base in respect of exposures to single counterparty and group of connected counterparties. During the years ended March 31, 2024 and March 31, 2023 the Bank was within the limits prescribed by the RBI.

- **Inter-bank Participation with risk sharing**

The aggregate amount of participation issued by the Bank and reduced from advances as per regulatory guidelines as at March 31, 2024 was ₹ 62,920.05 crore (previous year: ₹ 57,213.15 crore).

- **Concentration of deposits, advances, exposures and NPAs**

a) Concentration of deposits

Particulars	(₹ crore, except percentages)	
	March 31, 2024	March 31, 2023
Total deposits of twenty largest depositors	79,156.47	85,628.53
Percentage of deposits of twenty largest depositors to total deposits of the Bank	3.33%	4.55%

b) Concentration of advances*

Particulars	(₹ crore, except percentages)	
	March 31, 2024	March 31, 2023
Total advances to twenty largest borrowers	424,945.96	363,225.92
Percentage of advances of twenty largest borrowers to total advances of the Bank	10.96%	13.94%

*Advances comprise credit exposure (funded and non-funded credit limits) including derivative transactions computed as per current exposure method in accordance with RBI guidelines.

c) Concentration of exposure**

Particulars	(₹ crore, except percentages)	
	March 31, 2024	March 31, 2023
Total exposure to twenty largest borrowers / customers	434,591.97	385,175.03
Percentage of exposure of twenty largest borrowers / customers to total exposure of the Bank on borrowers / customers	11.04%	14.34%

**Exposures comprise credit exposure (funded and non-funded credit limits) including derivative transactions and investment exposure in accordance with RBI guidelines.

d) Concentration of NPAs

- Qualitative disclosures on risk exposure in derivatives**

Overview of business and processes

Derivatives are financial instruments whose characteristics are derived from underlying assets, or from interest rates, exchange rates or indices. These include forwards, swaps, futures and options. The notional amounts of financial instruments such as foreign exchange contracts and derivatives provide a basis for comparison with the instruments recognised on the Balance Sheet but do not necessarily indicate the amounts of future cash flows involved or the current fair value of the instruments and, therefore, do not indicate the Bank's exposure to credit or price risks. The following sections outline the nature and terms of the derivative transactions generally undertaken by the Bank.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

Interest rate contracts

Forward rate agreements give the buyer the ability to determine the underlying rate of interest for a specified period commencing on a specified future date (the settlement date). The underlying rate of interest could be an interest rate curve, interest rate index or bond yield. There is no exchange of principal and settlement is effected on the settlement date. The settlement amount is the difference between the contracted rate and the market rate prevailing on the settlement date discounted for the interest period of the agreement.

Interest rate swaps involve the exchange of interest obligations with the counterparty for a specified period without exchanging the underlying (or notional) principal.

Interest rate caps and floors give the buyer the ability to fix the maximum or minimum rate of interest. The writer of the contract pays the amount by which the market rate exceeds or is less than the cap rate or the floor rate respectively. A combination of interest rate caps and floors can create structures such as interest rate collar, cap spreads and floor spreads.

Interest rate futures are standardised interest rate derivative contracts traded on a recognised stock exchange to buy or sell a notional security or any other interest bearing instrument or an index of such instruments or interest rates at a specified future date, at a price determined at the time of the contract.

Exchange rate contracts

Forward foreign exchange contracts are agreements to buy or sell fixed amounts of currency at an agreed exchange rate on a future date. These instruments are carried at fair value, determined based on either FEDAI rates or market quotations.

Cross currency swaps are agreements to exchange principal amounts denominated in different currencies. Cross currency swaps may also involve the exchange of interest payments on one specified currency for interest payments in another specified currency for a specified period.

Currency options (including Exchange Traded Currency Option) give the buyer, on payment of a premium, the right but not an obligation, to buy or sell specified amounts of currency at an agreed exchange rate on or before a specified future date.

Currency futures contract is a standardised contract traded on an exchange, to buy or sell a certain underlying currency on a certain date in the future, at a specified price. The contract specifies the rate of exchange between one unit of currency with another.

The Bank's derivative transactions relate to sales and trading activities. Sale activities include the structuring and marketing of derivatives to customers to enable them to hedge their market risks (both interest rate and exchange risks), within the regulatory framework as applicable from time to time. The Bank deals in derivatives on its own account (trading activity) principally for the purpose of generating a profit from short term fluctuations in price yields or implied volatility. The Bank also deals in derivatives to hedge the risk embedded in some of its Balance Sheet assets or liabilities.

Constituents involved in derivative business

The Treasury front-office enters into derivative transactions with customers and inter-bank counterparties. The Bank has an independent back-office and mid-office as per regulatory guidelines. The Bank has credit risk and market risk departments, as part of the Risk Management Group, that assesses counterparty credit risk and market risk limits, within the risk architecture and processes of the Bank.

Derivative policy

The Bank has in place a Derivative policy which covers various aspects that apply to the functioning of the derivative business. The derivative business is administered through various market risk limits such as position limits, tenor limits, sensitivity limits, scenario based profit and loss limit for option portfolio, stop loss trigger levels and value-at-risk limits that are recommended by the Risk Policy and Monitoring Committee ('RPMC') to the Board of Directors for approval. All methodologies that are used to assess market and credit risks for derivative transactions are specified by the market risk and credit risk units. Limits are monitored on a daily basis by the mid-office.

The Bank has a Board approved policy on Customer Suitability & Appropriateness, which forms part of the Derivative policy, to ensure that derivative transactions entered into are appropriate and suitable to the customer's nature of business / operations. Before entering into a derivative deal with a customer, the Bank scores the customer on various risk parameters and based on the overall score level it determines the kind of product that best suits its risk appetite and the customer's requirements.

Classification of derivatives book

The derivative book is classified into trading and hedging book. Classification of the derivative book is made on the basis of the definitions of the trading and hedging specified in the RBI guidelines. The trading book is managed within the trading limits recommended by the RPMC and approved by the Board of Directors.

Hedging policy

For derivative contracts designated as hedging instruments, the Bank documents, at inception of the hedge, the relationship between the hedging instrument and the hedged item, the risk management objective for undertaking the hedge and the methods used to assess the hedge effectiveness. Hedge effectiveness is ascertained at the time of inception of the hedge and periodically thereafter. Hedge effectiveness is measured by the degree to which changes in the fair value or cash flows of the hedged item that are attributable to a hedged risk are offset by changes in the fair value or cash flows of the hedging instrument using various qualitative and quantitative methods.

The hedging book consists of transactions to hedge Balance Sheet assets or liabilities. The tenor of hedging instrument may be less than or equal to the tenor of underlying hedged asset or liability. The Bank as part of its risk management strategy, makes use of derivative instruments, including foreign exchange forward contracts, for hedging the risk embedded in some of its financial assets or liabilities recognised on the Balance Sheet. In case of a fair value hedge, the changes in the fair value of the hedging instruments and hedged items are recognised in the Profit and Loss Account and in case of cash flow hedges other than for foreign exchange forward contracts and principal only swaps, the changes in fair value of effective portion are recognised in Reserves and Surplus under 'Cash flow hedge reserve' and ineffective portion of an effective hedging relationship, if any, is recognised in the Profit and Loss Account. The accumulated balance in the cash flow hedge reserve, in an effective hedging relationship, is recycled in the Profit and Loss Account at the same time that the impact from the hedged item is recognised in the Profit and Loss Account. Foreign exchange forward contracts and principal only swaps not intended for trading, that are entered into to establish the amount of reporting currency required or available at the settlement date of a transaction, and are outstanding at the Balance Sheet date, are accounted in accordance with AS 11. Accordingly, such contracts are not marked to market and only translated at spot rate. The premia or discount arising at the inception of such forward exchange contract is amortised as expense or income over the life of the contract. The interest income / expense on such POS transaction is accounted on accrual basis.

- **Provisioning, collateral and credit risk mitigation**

The Bank enters into derivative transactions with counterparties based on their business ranking and financial position. The Bank sets up appropriate appetite / limits upon evaluating the ability of the counterparty to honour its

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

obligations in the event of crystallisation of the exposure. Appropriate credit covenants are stipulated where required, as trigger events to call for collaterals or terminate a transaction and contain the risk. Further, to mitigate the current exposure in non-centrally cleared forex and derivative transactions, Bank has entered into Credit Support Annex ('CSA') agreements with some of the major international counterparty banks and few Indian financial institutions.

The Bank, at the minimum, conforms to the RBI guidelines with regard to provisioning requirements. Overdue receivables representing crystallised positive mark to market value of a derivative contract are transferred to the account of the borrower and treated as non-performing assets, if these remain unpaid for 90 days or more. Full provision is made for the entire amount of overdue and future receivables relating to positive marked to market value of non-performing derivative contracts.

For trading derivatives including accrued interest.

* Computed for the month end dates where hedge deals were outstanding.

**Amounts given are absolute values on a net basis, excluding currency options.

- ✓ The notional principal amounts of derivatives reflect the volume of transactions outstanding as at the Balance Sheet date and do not represent the amounts at risk.
- ✓ For the purpose of this disclosure; currency derivatives include currency options purchased and sold and cross currency swaps; forward contracts include foreign exchange spot, forward and swap contracts; interest rate derivatives include interest rate swaps, forward rate agreements and interest rate caps and floors.
- ✓ The Bank has computed the maximum and minimum of PV01 for the year based on the balances as at the end of every month.
- ✓ In respect of derivative contracts, the Bank has computed the exposure under the Current Exposure Method for counterparty credit risk capital computation based on the guidelines issued by RBI on "Bilateral Netting of Qualified Financial Contracts - Amendments to Prudential Guidelines" dated March 30, 2021 and any related amendments thereafter. However, for the purpose of calculating product-wise derivative exposure as mentioned in point number 3 in table above, bank has calculated using Current Exposure Method ('CEM') without the impact of Bilateral Netting.

- **Credit default swaps**

The Bank has not transacted in credit default swaps during the year ended March 31, 2024 (previous year: Nil).

12. Securitised assets as per books of SPEs sponsored by the Bank:

16. Penalties levied by the RBI

During the year ended March 31, 2024, RBI vide its letter dated November 30, 2023 levied a penalty of ₹10,000 on the Bank under Section 11(3) of FEMA, 1999 towards not obtaining RBI's approval for maintaining current and fixed deposit accounts of a foreign bank post cancellation of their license by RBI, which was in contravention to the para 13 of AP (DIR Series) Circular no. 67 dated May 05, 2016. The penalty was paid by the Bank on December 05, 2023.

During the year ended March 31, 2023, there were No instances of penalty levied by the RBI on the Bank.

17. Disclosures on remuneration

Qualitative Disclosures

A. Information relating to the bodies that oversee remuneration

Name and composition

The Board of Directors of the Bank has constituted the Nomination and Remuneration Committee (hereinafter, the 'NRC') for overseeing and governing the compensation policies of the Bank. The NRC is comprised of four non-executive directors as of March 31, 2024. Further, three members of the NRC are also members of the Risk Policy and Monitoring Committee (hereinafter, the 'RPMC') of the Board.

As of March 31, 2024, the NRC is comprised of Dr. Harsh Kumar Bhanwala, Mr. Sandeep Parekh, Mr. M.D. Ranganath and Mr. Atanu Chakraborty. Further, Mr. M.D. Ranganath, Mr. Sandeep Parekh and Mr. Atanu Chakraborty are also the members of the RPMC. Dr. Harsh Kumar Bhanwala is the chairperson of the NRC.

Mandate of the NRC

The primary mandate of the NRC is to oversee and review the implementation of compensation policies of the Bank. The NRC periodically reviews the overall Remuneration Policy of the Bank with a view to attract, retain and motivate employees. In this capacity it is required to review and approve the design of the total compensation framework, including compensation strategy programs and plans, on behalf of the Board of Directors. The compensation structure and pay revision for the Group Heads, Material Risk Takers, Senior Management, Risk and Control Staff, Key Management Personnel and Whole Time Directors (who are also Material Risk Takers) of the Bank is approved by the NRC and subsequently approved by the Board of Directors. The compensation of the Whole Time Directors requires the additional approval of the Reserve Bank of India. The NRC co-ordinates with the RPMC to ensure that compensation is aligned with prudent risk taking. Further the NRC also reviews the appointments of individuals at the levels of Group Heads, Key Management Personnel, Senior Management and Whole Time Directors of the Bank.

External Consultants:

The Bank engaged with the following consultants during the year ended March 31, 2024:

1. AON Consulting Private Limited - in respect of the Bank's annual salary market benchmarking exercise.
2. Deloitte Touche Tohmatsu India LLP - in respect of the Bank's benchmarking exercise pertaining to executive compensation and compensation philosophy.
3. Mercer Consulting (India) Private Limited - in the area of job evaluation.
4. ESOP Direct - in respect of Bank's benchmarking exercise pertaining to ESOP Pool Calculation.

Scope of the Bank's Remuneration Policy:

The Remuneration Policy of the Bank includes within its scope all business lines and functions, and all permanent staff in the Bank's domestic as well as international offices. The principles articulated in the compensation policy are applicable uniformly across the Bank. However, any statutory / regulatory provisions applicable in overseas locations take precedence over the Remuneration Policy of the Bank.

All permanent employees of the Bank except those covered under the long term wage agreement are covered by the said Remuneration Policy. The number of employees covered under the compensation policy was 2,13,309 as on March 31, 2024 (previous year: 1,72,998).

B. Information relating to the design and structure of remuneration processes and the key features and objectives of remuneration policy

I. Key Features and Objectives of Remuneration Policy

The Bank's Remuneration Policy (the 'Policy') is aligned to business strategy, market dynamics, internal characteristics and complexities within the Bank. The ultimate objective of the Policy is to provide a fair and transparent structure that helps in acquiring and retaining the talent pool critical to build competitive advantage and brand equity. The Policy has been designed basis the principles for sound compensation practices in accordance with regulatory requirements and provides a framework to create, modify and maintain appropriate compensation programs and processes with adequate supervision and control.

The Bank's performance management system provides a sound basis for assessing employee performance holistically. The Bank's compensation framework is aligned with the performance management system and differentiates pay appropriately amongst its employees based on degree of contribution, performance, skill, experience, grade and availability of talent owing to competitive market forces. Further, the Bank also considers compliance to processes, regulatory compliance and risk management as an integral part of its performance appraisal process. These factors are given due weightage for the purposes of the final performance rating of employees for a given performance year.

The NRC considers the aforementioned principles enunciated in the Bank's compensation policy and ensures that:

- (a) the compensation is adjusted for all types of prudent risk taking;
- (b) compensation outcomes are symmetric with risk outcomes;
- (c) compensation payouts are sensitive to the time horizon of risk; and
- (d) the mix of cash, equity and other forms of compensation are aligned with risk.

Review of Remuneration Policy of the Bank

The Remuneration Policy of the Bank was reviewed by the NRC during the year ended March 31, 2024 and changes were made to the policy in accordance with the observations of the NRC .

II. Design and Structure of Remuneration

The design and structure of remuneration in accordance with the RBI guidelines dated November 04, 2019, for the financial year ended March 31, 2024, is as follows::

a) Fixed Pay

The Remuneration Policy ensures that the fixed component of the compensation is reasonable, taking into account all relevant factors including industry practice.

Elements of Fixed Pay:

The fixed pay component of the Bank's compensation structure typically consists of elements such as base salary, allowances, perquisites and retirement benefits. Perquisites extended are in the nature of company car, company leased accommodation, club membership and such other benefits or allowances in lieu of such perquisites / benefits. Retirement benefits include contributions to Provident Fund, Superannuation Fund (for employees above certain job bands), National Pension Scheme and Gratuity. The Bank also provides pension to certain employees of the erstwhile Lord Krishna Bank (eLKB) under the Indian Banks' Association ('IBA') structure.

Determinants of Fixed Pay:

The fixed pay is primarily determined by taking into account factors such as the job size, performance, experience, location, market competitiveness of pay and is designed to meet the following key objectives of:

- (a) fair compensation given the role complexity and size;
- (b) fair compensation given the individual's skill, competence, experience and market pay position;
- (c) contribution to post retirement benefits; and
- (d) compliance with all statutory obligations.

The quantum of fixed pay for the Senior Management i.e. Employees in Executive Vice President and above grades, Material Risk Takers other than Wholetime Directors, Risk and Control Staff and Key Management Personnel are approved by the NRC and the Board.

The quantum of fixed pay for Whole Time Directors is approved by the NRC and the Board, and is subject to the approval of the RBI.

b) Variable Pay - For Senior Management and Material Risk Takers

The performance management system forms the basis for variable pay allocation of the Bank. The Remuneration Policy of the Bank ensures that the performance management system is comprehensive and considers both, quantitative and qualitative performance measures.

(i) Composition of Variable pay

The variable pay will be in the form of share linked instruments or a mix of cash and share linked instruments. The share linked instrument used in the financial year 2023-24 was the Employee Stock Options. All plans for grant of options are framed in accordance with the SEBI guidelines, 1999 as amended from time to time and are approved by the shareholders of the Bank. These plans provide for the grant of options post approval by the NRC. For Wholetime Directors the variable pay is approved by the NRC, Board and the Reserve Bank of India.

The Bank will ensure that there is a proper balance between Fixed Pay and Variable Pay. In cases where compensation by way of share-linked instruments is not permitted by law / regulations, the entire variable pay will be in cash.

(ii) Limits on Variable pay

A substantial portion of compensation i.e. at least 50% will be variable and paid on the basis of individual, business-unit and organization performance. This will be in line with the principle that, at higher levels of responsibility, the proportion of variable pay will be higher. The total variable pay shall be limited to a maximum of 300% of the fixed pay (for the relative performance period)

In case the variable pay is upto 200% of the fixed pay, a minimum of 50% of the variable pay; and in case the variable pay is above 200%, a minimum of 67% of the variable pay shall be via non-cash instruments. The non-cash component in 2023-24 comprised of Employee Stock Options.

In the event that the employee is barred by statute or regulation from grant of share-linked instruments, his / her variable pay will be capped at 150% of fixed pay but shall not be less than 50% of the fixed pay.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

(iii) Deferral of Variable pay

For senior management including Wholetime Directors (WTDs) and Material Risk Takers (MRTs), deferral arrangements exists for the variable pay. A minimum of 60% of total variable pay is under deferral arrangements. If cash component is a part of the variable pay, at least 50% of the cash bonus is deferred. In cases where cash component of the bonus is under Rs 25 lakh, deferral arrangements is not necessary.

The deferral period is a minimum of three years and is applicable to both cash and non-cash components of variable pay. The deferral period for share linked instruments / ESOPs is governed by the ESOP Scheme Rules which is approved by the NRC and the Board. In 2023-24, the deferment of cash variable pay, where applicable, was 3 years in the case of cash variable pay and 4 years (vesting period) in the case of Employee Stock Options.

(iv) Vesting of Variable pay

The deferred portion of the remuneration vests at the end of deferral period and is spread out over the course of the deferral period. The first vesting is not before one year from the commencement of the deferral period. The vesting is no faster than on a pro rata basis and the frequency of the vesting is more than a year in order to ensure appropriate assessment of risk.

(v) Malus / Clawback Arrangement:

The Bank believes in sustained business performance in tandem with prudent risk taking. The Bank, therefore, has devised appropriate deterrents in order to institutionalize the aforementioned commitment.

Malus Arrangement: The provision of a Malus arrangement would entail cancellation of payout for the deferred portion of reward (cash variable pay / long term incentive (LTI) i.e. any Share Linked Instrument). The RBI guidelines define malus thus “A **malus** arrangement permits the bank to prevent vesting of all or part of the amount of a deferred remuneration. Malus arrangement does not reverse vesting after it has already occurred.”

Clawback Arrangement: The provision of Clawback arrangement would entail return of payout of reward (cash variable pay / long term incentive (LTI) i.e. any Share Linked Instrument) made in the previous years attributable to a given reference year wherein the incident has occurred. The return would be in terms of net amount. The RBI guidelines define clawback thus “A **clawback** is a contractual agreement between the employee and the bank in which the employee agrees to return previously paid or vested remuneration to the bank under certain circumstances.”

The malus and clawback clause will be actioned when the employee demonstrates behaviour involving fraudulent behaviour, moral turpitude, lack of integrity, flagrant breach of company policies and statutory norms resulting in financial or non-financial losses. Manifestation of behaviour listed above is presumed to have a malafide intent. Illustrative list of conditions are enumerated below. The occurrence of any / some / all of the following conditions / events shall trigger a review by the NRC for the application of the Malus or the Clawback arrangement:

- a) Substantial Financial Deterioration in profitability or risk parameters
- b) Reckless, negligent or willful actions or exhibited inappropriate values and behavior
- c) Fraud that requires a financial restatement

- d) Reputational harm
- e) Exposing the bank to substantial risk
- f) Such other conditions or events, of similar nature as above, as determined by NRC for triggering review by NRC for the purpose of application of the Malus or the Clawback arrangement

In determining the causes for deterioration in financial performance under (a), the NRC may take into consideration and have due regard to the fact whether the deterioration was for factors within control or whether it was on account of conditions like global market headwinds, industry performance, changes in legal / regulatory regime, force majeure events like occurrence of natural disasters, pandemic, other socio-economic conditions etc.

While undertaking the review for the concerned person for the application of the Malus or the Clawback arrangement based on any trigger events, when determining accountability of the concerned person, the NRC shall be guided by the principles of proportionality, culpability or proximity or nexus to the event or misconduct.

In accordance with the RBI guidelines, wherever the assessed divergence in bank's provisioning for Non-Performing Assets (NPAs) or asset classification exceeds the prescribed threshold for public disclosure, the bank shall not pay the unvested portion of the variable compensation for the assessment year under 'malus' arrangement. Further, in such situations, no proposal for increase in variable pay (for the assessment year) shall be entertained. In case the bank's post assessment Gross NPAs are less than 2.0%, these restrictions will apply only if criteria for public disclosure are triggered either on account of divergence in provisioning or both provisioning and asset classification.

The NRC may decide to apply malus on part, or all of the variable pay. The time horizon for the application of malus / clawback clause shall be four years from the date of reward.

The NRC shall review the act of misconduct / incident to ascertain the degree of accountability attributable to a Wholtime Director / Material Risk Taker / Senior Management (Job Bands C1 and above) prior to applying the Malus or Clawback arrangement.

The criteria for Malus / Clawback will be reviewed by the Nomination and Remuneration Committee annually.

The NRC and Board of Directors has also approved an addendum (Addendum- B) to the compensation policy on Clawback of Incentive Compensation in view of the final rules on listing standards for the recovery of erroneously awarded compensation adopted by the Securities and Exchange Commission on October 26, 2022, applicable to companies listed on the New York Stock Exchange and NASDAQ.

This Addendum-B shall be read with, and is in addition to, the Compensation Policy formulated and approved by the Board of Directors of the Bank. The same has been formulated to comply with the requirements of Section 10D promulgated under the U.S. Securities Exchange Act of 1934, as amended ("Exchange Act"), and Section 303A.14 of the NYSE so as to recover certain compensation in the event of an accounting restatement due to any material non-compliance relating to any financial reporting requirements under the applicable U.S. securities laws, and shall be interpreted and applied consistent therewith.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

(vi) Approval Process:

The Variable Pay for Senior Management, Material Risk Takers other than Wholetime Directors, Risk and control staff is approved by the NRC and the Board. For Wholetime Directors the variable pay is approved by the NRC, Board and the Reserve Bank of India.

Employees other than Senior Management, Material Risk Takers, Whole Time Directors

The Bank has formulated the following variable pay plans:

(i) Annual Bonus Plan

The quantum of variable payout is a function of the performance of the Bank, performance of the business unit, performance of the individual employee, job band of the employee and the functional category. Basis these key determinants and due adjustment for risk alignment, a payout matrix for variable pay is developed. Market trends for specific businesses / functions along with inputs from compensation surveys may also be used in finalising the payout.

Bonus pools are designed to meet specific business needs therefore resulting in differentiation in both the quantum and the method of payout across functions.

(ii) Performance-linked Plans (PLPs)

PLPs are formulated for employees in sales, collections, customer service and relationship roles who are given business / service targets but have limited impact on risk since credit decisions are exercised independent of these functions. All PLP payouts are based on a balanced scorecard framework which factors not just quantitative, but also qualitative measures, and are subject to achievement of individual targets enumerated in the respective scorecards of the employees. A portion of the PLP payouts is deferred till the end of the financial year to provide for any unforeseen performance risks. Employees who are on the PLPs are excluded from the Annual Bonus Plan.

(iii) Employee Stock Option Plan (ESOPs)

Employees in Job Bands D4 and above also receive ESOPs as a vehicle to create a balance between short term rewards and long term sustainable value creation. ESOPs play a key role in the attraction and retention of key talent.

The NRC grants options after considering parameters such as the incumbent's grade and performance rating, and such other factors as may be deemed appropriate by the NRC.

All plans for grant of options are framed in accordance with the SEBI guidelines, 1999 as amended from time to time and are approved by the shareholders of the Bank. These plans provide for the grant of options post approval by the NRC.

The Bank grants ESOPs to eligible employees. Such ESOPs vest over four tranches spread over a period of 48 months.

In accordance with the RBI guidelines, Employee Stock Options is included as part of Variable Pay.

(iv) Restricted Stock Units (Units)

The bank granted units to employees at E3 – D3 bands (upto 10 levels below the MD). The same was approved by the NRC after considering parameters such as the employee's grade, performance rating and any other factors as may be deemed appropriate by the NRC.

All plans for grant of units are framed in accordance with the SEBI guidelines, 1999 as amended from time to time and are approved by the shareholders of the Bank. These plans provide for the grant of units post approval by the NRC.

Such units vest over four tranches spread over a period of 48 months.

Risk, Control and Compliance Staff

The Bank has separated the Risk, Control and Compliance functions from the Business functions in order to create a strong culture of checks and balances and to eliminate any possible conflict of interest between revenue generation and risk management and control. Accordingly, the overall variable pay as well as the annual salary increment of the employees in the Risk, Control and Compliance functions is based on their performance, functional objectives and goals. The Bank ensures that the mix of fixed to variable compensation for these functions is weighted in favour of fixed compensation.

Guaranteed Bonus

Guaranteed bonuses are not consistent with sound risk management or pay for performance principles of the Bank and therefore do not form an integral part of the general compensation practice.

For critical hiring for some select strategic roles, the Bank may consider granting of bonus, based on the performance rating upon confirmation, as a prudent way to avoid loading the entire cost of attraction into the fixed component of the compensation which could have a long term cost implication for the Bank. For such hiring, the said bonus is generally decided by taking into account appropriate risk factors and market conditions.

For hiring at levels of Whole Time Directors / Managing Director / Material Risk Takers and certain employees in select strategic roles, a sign-on bonus, if any, is limited to the first year only and would be in the form of Employee Stock Options or Units (All units grants are subject to individual / Business Unit / organizational performance criteria).

Severance Pay

The Bank does not grant severance pay other than accrued benefits (such as gratuity, pension) except in cases where it is mandated by any statute.

Hedging

The Bank does not provide any facility or fund or permit its Whole Time Directors and employees to insure or hedge their compensation structure to offset the risk alignment effects embedded in their compensation arrangement.

Statutory Bonus

Some employees are also paid statutory bonus as per the Payment of Bonus Act, 1965 as amended from time to time.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

III. Remuneration Processes

Fitment at the time of Hire

Pay scales at the Bank are set basis the job size, experience, location and the academic and professional credentials of the incumbent.

The compensation of new hires is in line with the existing pay ranges and consistent with the compensation levels of the existing employees of the Bank at similar profiles. The pay ranges are subject to change basis market trends and the Bank's talent management priorities. While the Bank believes in the internal equity and parity as a key determinant of pay, it does acknowledge the external competitive pressures of the talent market. Accordingly, there could be certain key profiles with critical competencies which may be hired at a premium and treated as an exception to the overall pay philosophy. Any deviation from the defined pay ranges is treated as a hiring exception requiring approval with appropriate justification.

Pay Increment / Pay Revision

The Bank strives to ensure external competitiveness as well as internal equity without diluting the overall focus on optimising cost. In order to enhance the Bank's external competitiveness, it participates in an annual salary survey of the banking sector to understand key market trends as well as get insights on relative market pay position compared to peers. The Bank endeavors to ensure that most employees progress to the median of the market in terms of fixed pay over time. This coupled with key internal data indicators like performance score, job family, experience, job grade and salary budget form the basis of decision making on revisions in fixed pay.

Increments in fixed pay for majority of the employee population are generally undertaken once every financial year. However, promotions, confirmations and change in job dimensions could also lead to a change in the fixed pay during other times of the financial year.

The Bank also makes salary corrections and adjustments during the financial year for competitive pay positioning for the purpose of retention of critical skills and critical talent in the domain of Information Technology, Digital, Information Security, Data Science as well as business segments that are strategic focus areas of the bank. However, such pay revisions are done on an exception basis.

The Fixed Pay for the Material Risk Takers (other than Wholetime Directors), Senior Management, Key Management Personnel is approved by the NRC and the Board. The Fixed Pay for the Wholetime Directors is approved by the NRC, Board and the Reserve Bank of India.

C. Description of the ways in which current and future risks are taken into account in the remuneration processes, including the nature and type of the key measures used to take account of these risks

The Bank takes into account various types of risks in its remuneration processes. The Bank follows a comprehensive framework that includes within its ambit the key dimensions of remuneration such as fixed pay, variable pay and long term incentives (i.e. Employee Stock Options).

Fixed pay: The Bank conducts a comprehensive market benchmarking study to ensure that employees are competitively positioned in terms of fixed pay. The Bank follows a robust salary review process wherein revisions in fixed compensation are based on performance. The Bank also makes salary adjustments taking into consideration pay positioning of employees vis-à-vis market reference points. Through this approach the Bank endeavors to ensure that the talent risk due to attrition is mitigated. Fixed pay could be revised downwards as well, in the event of certain proven cases of misconduct by an employee.

Variable pay: The Bank has distinct types of variable pay plans as given below:

(a) Quarterly / monthly performance-linked pay (PLP) plans:

All quarterly / monthly PLP plans are based on the principle of balanced scorecard framework that includes within its ambit both quantitative and qualitative factors including key strategic objectives that ensure future competitive advantage for the Bank. PLP plans, by design, have deterrents that play a role of moderating payouts based on the non-fulfillment of established quantitative / qualitative risk factors. Deterrents also include risks arising out of non-compliance, mis-sell etc. Further, a portion of all payouts under the PLP plans is deferred till the end of the financial year to provide for any unforeseen performance risks. Employees who are part of the PLP plans are excluded from the Annual Bonus Plan.

(b) Variable Pay:

The Bank takes into consideration the fact that a portion of the Bank's profits are directly attributable to various types of risks the Bank is exposed to such as credit risk and market risk.

The framework developed by the Bank in order to arrive at the quantum of bonus pool is based on the performance of the Bank and profitability. The annual variable pay is distributed based on business unit and individual performance and job band and role of the individual for non-business functions. The business unit performance is based on factors such as growth in revenue, growth in profit, cost to income ratio and achievement vis-à-vis plans and key objectives. Bonus pay out for an individual employee in a particular grade is linked to the performance rating of the employee and subject to meeting the Bank's standards of ethical conduct.

The Bank has devised appropriate malus and claw back clauses as a risk mitigant for Whole Time Directors, Material Risk Takers, Senior Management (i.e. Employees in the job Bands of Executive Vice President and above). Under the malus clause the incumbent could forego the vesting of the deferred variable pay in full or in part. Under the claw back clause the incumbent is obligated to return all the tranches of variable pay payout pertaining to the reference performance year. The deferred variable pay is paid out post review and approval by the NRC and the Board.

D. Description of the ways in which the Bank seeks to link performance during a performance measurement period with levels of remuneration

The Bank has a robust performance management system for evaluating the performance of its Whole Time Directors. The performance appraisal system is based on a Balanced Scorecard Framework and considers qualitative as well as quantitative factors of performance which includes the following parameters:

1. **Business Performance** - This includes business growth, profitability, asset quality and shareholder value.
2. **Stakeholder Relationship** - This includes net promoter score and corporate social responsibility.
3. **Audit and Compliance** - This includes internal audit reports and compliance with the regulations and inspection reports.
4. **Digital Transformation** - This includes performance on initiatives required to run the bank and grow the bank.
5. **Organizational Excellence** - This includes succession planning and employee engagement.

While the above parameters form the core evaluation parameters for the Bank and the remuneration of its Whole Time Directors, each of the business units are measured on the following from a remuneration standpoint:

- a) Growth in net revenue (%) over previous year;

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

- b) Growth in profit before tax (%) over previous year;
- c) Improvement in cost to income over the previous year;
- d) Improvement in Gross NPA over the previous year and
- e) Achievement of key strategic objectives.

The process by which levels of remuneration in the Bank are aligned to the performance of the Bank, business unit and individual employees is articulated below:

Fixed Pay

The Bank reviews the fixed pay portion of the compensation structure basis merit-based increments and market corrections. These are based on a combination of performance rating, job band and the functional category of the individual employee. For a given job band, the merit increment is directly related to the performance rating. The Bank strives to ensure that most employees progress to the median of the market in terms of fixed pay over time. All other things remaining equal, the correction percentage is directly related to the performance rating of the individual.

Variable Pay

Basis the performance of the business unit, individual performance and role, the Bank has formulated the following variable pay plans:

- **Variable Pay Plans:**

For Employees in Job Bands of Sr Vice President I and Above (includes employees in Senior Management, Material Risk Takers, Wholetime Directors) the variable pay intends to reward short term as well as long term sustained performance of the bank and shareholder value creation.

Short term Performance: Short term performance is realised in the form of cash variable pay. The cash variable pay is based on performance rating and the job band of the individual and is further enhanced or moderated by the business performance multiplier and role. The cash variable pay is computed on the gross salary.

Long term Performance: Employee Stock Options are granted to employees based on their performance rating and job band and the value of the same is realised vide long term performance of the bank and creation of shareholder value.

For Employees in job bands Vice President and below:

At these levels the variable pay is primarily in the form of cash variable pay and is based on the annual performance. In FY 2023-24, the Bank granted units at E3-D3 bands based on their performance rating, grade and any other such parameter as approved by the NRC.

The Bank's annual bonus is computed as a percentage of the gross salary for every job band. The bonus multiple is based on performance of the business unit (based on the parameters above), performance rating, job band and the functional category of the individual employee. The business performance category determines the multiplier for the bonus. All other things remaining equal, for a given job band, the bonus is directly related to the performance rating. Employees who are part of the annual cash Variable Pay plan are not part of the Performance Linked Plans mentioned below.

- **Performance-linked Plans (PLPs)**

The Bank has formulated PLPs for its sales, collections, customer service and relationship roles who are given sales, collections and service targets basis a balanced scorecard methodology. All PLP payouts are subject to the achievement of individual targets enumerated in the respective scorecards of the employees and moderated by qualitative parameters. A portion of the PLP payouts is deferred till the end of the financial year to provide for any unforeseen performance risks. All PLPs are based on a balanced scorecard framework and, depending on the plan, could be paid out monthly or quarterly.

E. Description of the ways in which the Bank seeks to adjust remuneration to take account of the longer term performance

For employees in Senior Management, Material Risk Takers and Whole Time Directors the bank seeks to adjust remuneration to take account of the longer term performance in the following way.

(i) Limits on variable pay

A substantial portion of compensation i.e. at least 50% will be variable and paid on the basis of individual, business-unit and organization performance. This will be in line with the principle that, at higher levels of responsibility, the proportion of variable pay will be higher. The total variable pay shall be limited to a maximum of 300% of the fixed pay.

In case the variable pay is upto 200% of the fixed pay, a minimum of 50% of the variable pay; and in case the variable pay is above 200%, a minimum of 67% of the variable pay shall be via non-cash instruments. The non-cash component in 2023-24 comprised of Employee Stock Options.

In the event that the employee is barred by statute or regulation from grant of share-linked instruments, his / her variable pay will be capped at 150% of fixed pay but shall not be less than 50% of the fixed pay.

(ii) Deferral of variable pay

For senior management including Wholtime Directors (WTDs) and Material Risk Takers (MRTs), deferral arrangements will exist for the variable pay. A minimum of 60% of total variable pay will be under deferral arrangements. If cash component is a part of the variable pay, at least 50% of the cash bonus shall be deferred. In cases where cash component of the bonus is under Rs 25 lakh, deferral arrangements would not be necessary.

The deferral period would be a minimum of three years and will be applicable to both cash and non-cash components of variable pay. The deferral period for share linked instruments / ESOPs will be governed by the ESOP Scheme Rules which will be approved by the NRC and the Board. In 2023-24, the deferment of cash variable pay, where applicable, was 3 years in the case of cash variable pay and 4 years (vesting period) in the case of Employee Stock Options.

(iii) Vesting of Variable Pay

The deferred portion of the remuneration will vest at the end of deferral period and will be spread out over the course of the deferral period. The first vesting would not be before one year from the commencement of the deferral period. The vesting would be no faster than on a pro rata basis and the frequency of the vesting would be more than a year in order to ensure appropriate assessment of risk.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

(iv) Malus / Clawback Arrangement:

The Bank believes in sustained business performance in tandem with prudent risk taking. The Bank, therefore, has devised appropriate deterrents in order to institutionalize the aforementioned commitment.

Malus Arrangement: The provision of a Malus arrangement would entail cancellation of payout for the deferred portion of reward (cash variable pay / long term incentive (LTI) i.e. any Share Linked Instrument). The RBI guidelines define malus thus “A **malus** arrangement permits the bank to prevent vesting of all or part of the amount of a deferred remuneration. Malus arrangement does not reverse vesting after it has already occurred.”

Clawback Arrangement: The provision of Clawback arrangement would entail return of payout of reward (cash variable pay / long term incentive (LTI) i.e. any Share Linked Instrument) made in the previous years attributable to a given reference year wherein the incident has occurred. The return would be in terms of net amount. The RBI guidelines define clawback thus “A **clawback** is a contractual agreement between the employee and the bank in which the employee agrees to return previously paid or vested remuneration to the bank under certain circumstances.”

The malus and clawback clause will be actioned when the employee demonstrates behaviour involving fraudulent behaviour, moral turpitude, lack of integrity, flagrant breach of company policies and statutory norms resulting in financial or non-financial losses. Manifestation of behaviour listed above is presumed to have a malafide intent. Illustrative list of conditions are enumerated below. The occurrence of any / some / all of the following conditions / events shall trigger a review by the NRC for the application of the Malus or the Clawback arrangement:

- a) Substantial financial deterioration in profitability or risk parameters
- b) Reckless, negligent or willful actions or exhibited inappropriate values and behavior
- c) Fraud that requires a financial restatement
- d) Reputational harm
- e) Exposing the bank to substantial risk
- f) Such other conditions or events, of similar nature as above, as determined by NRC for triggering review by NRC for the purpose of application of the Malus or the Clawback arrangement

In determining the causes for deterioration in financial performance under (a), the NRC may take into consideration and have due regard to the fact whether the deterioration was for factors within control or whether it was on account of conditions like global market headwinds, industry performance, changes in legal / regulatory regime, force majeure events like occurrence of natural disasters, pandemic, other socio-economic conditions etc.

While undertaking the review for the concerned person for the application of the Malus or the Clawback arrangement based on any trigger events, when determining accountability of the concerned person, the NRC shall be guided by the principles of proportionality, culpability or proximity or nexus to the event or misconduct.

In accordance with the RBI guidelines, wherever the assessed divergence in bank's provisioning for Non-Performing Assets (NPAs) or asset classification exceeds the prescribed threshold for public disclosure, the bank shall not pay the unvested portion of the variable compensation for the assessment year under 'malus' arrangement. Further, in such situations, no proposal for increase in variable pay (for the assessment year) shall be entertained. In case the bank's post assessment Gross NPAs are less than 2.0%, these restrictions will apply only if criteria for public disclosure are triggered either on account of divergence in provisioning or both provisioning and asset classification.

The NRC may decide to apply malus on part, or all of the unvested deferred Variable pay. The time horizon for the application of malus / clawback clause shall be four years from the date of reward.

The NRC shall review the act of misconduct / incident to ascertain the degree of accountability attributable to a Wholtime Director / Material Risk Taker / Senior Management (C1 and above) prior to applying the Malus or Clawback arrangement.

The criteria for Malus / Clawback will be reviewed by the NRC annually.

The NRC and Board of Directors has also approved an addendum (Addendum- B) to the compensation policy on Clawback of Incentive Compensation in view of the final rules on listing standards for the recovery of erroneously awarded compensation adopted by the Securities and Exchange Commission on October 26, 2022, applicable to companies listed on the New York Stock Exchange and NASDAQ.

This Addendum-B shall be read with, and is in addition to, the Compensation Policy formulated and approved by the Board of Directors of the Bank. The same has been formulated to comply with the requirements of Section 10D promulgated under the U.S. Securities Exchange Act of 1934, as amended ("Exchange Act"), and Section 303A.14 of the NYSE so as to recover certain compensation in the event of an accounting restatement due to any material non-compliance relating to any financial reporting requirements under the applicable U.S. securities laws, and shall be interpreted and applied consistent therewith.

Employees other than Wholtime Directors, Material Risk Takers and Senior Management

The Bank has formulated the following variable pay plans:

- **Annual Cash Variable Pay plan:**

The quantum of variable payout is a function of the performance of the Bank, performance of the individual employee, job band of the employee and the functional category. Basis these key determinants and due adjustment for risk alignment, a payout matrix for variable pay is developed. Market trends for specific businesses / functions along with inputs from compensation surveys may also be used in finalising the payout.

Bonus pools are designed to meet specific business needs therefore resulting in differentiation in both the quantum and the method of payout across functions. Typically higher levels of responsibility receive a higher proportion of variable pay vis-à-vis fixed pay.

For Employees in Job Bands of Sr Vice President 1 and above Variable Pay intends to reward short term as well as long term sustained performance of the bank and shareholder value creation.

Short term Performance: Short term performance is realised in the form of cash variable pay. The cash variable pay is based on performance rating and the job band of the individual and is further enhanced or moderated by the business performance multiplier and role. The cash variable pay is computed on the gross salary.

Long term Performance: Employee Stock Options are granted to employees based on their performance rating and Job band and the value of the same is realised vide long term performance of the bank and creation of shareholder value. The vesting period for Employee Stock Option is 4 years.

The Bank also granted Restricted Stock Units (Units) to employees at E3-D3 bands in FY23-24. The units would vest over 4 years.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2024

- **Performance-linked Plans (PLPs)**

The Bank has formulated PLPs for its sales, collections, customer service and relationship roles who are given sales, collections and service targets basis a balanced scorecard methodology. All PLP payouts are subject to the achievement of individual targets enumerated in the respective scorecards of the employees and moderated by qualitative parameters. A portion of the PLP payouts is deferred till the end of the financial year to provide for any unforeseen performance risks. All PLPs are based on a balanced scorecard framework and, depending on the plan, could be paid out monthly or quarterly.

F. Description of the different forms of variable remuneration (i.e. cash, shares, ESOPs and other forms) that the Bank utilises and the rationale for using these different forms

The Bank recognises the importance of variable pay in reinforcing a pay for performance culture. Variable pay stimulates employees to stretch their abilities to exceed expectations.

- **Annual Cash Variable Pay**

These are paid to reward performance for a given financial year. This covers all employees (excluding employees under PLPs). This is based on performance of the business unit, performance rating, job band and functional category of the individual. For higher job bands the proportion of variable pay to total compensation tends to be higher. For Material Risk Takers, Senior Management and Whole Time Directors 50% of the cash variable pay is deferred over 3 years in the event the cash variable pay exceeds 25 lakhs.

- **Performance-linked Plans (PLPs)**

The Bank has formulated PLPs for its sales, collections, customer service and relationship roles who are given sales, collections and service targets basis a balanced scorecard methodology. All PLP payouts are subject to the achievement of individual targets enumerated in the respective scorecards of the employees and moderated by qualitative parameters. A portion of the PLP payouts is deferred till the end of the financial year to provide for any unforeseen performance risks. All PLPs are based on a balanced scorecard framework and, depending on the plan, could be paid out monthly or quarterly.

- **Employee Stock Option Plan (ESOP)**

This is to reward for contribution of employees in creating a long term, sustainable earnings and enhancing shareholder value. Only employees in a certain job band and with a specific performance rating are eligible for stock options. Performance is the key criteria for granting stock options.

- **Restricted Stock Units (Units)**

The Bank granted Restricted Stock Units (Units) to employees at E3-D3 bands in FY23-24. The units would vest over 4 years.
