SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

As at March 31, 2025

SCHEDULE 17 – Significant accounting policies appended to and forming part of the standalone financial statements for the year ended March 31, 2025

A BACKGROUND

HDFC BANK Limited ('HDFC Bank' or the 'Bank'), incorporated in Mumbai, India is a publicly held banking company engaged in providing a range of banking and financial services including retail banking, wholesale banking and treasury operations. The Bank is governed by the Banking Regulation Act, 1949 and the Companies Act, 2013. During FY 2024, basis scheme for amalgamation of (i) erstwhile HDFC Investments Limited ("eHDFC Investments") and erstwhile HDFC Holdings Limited ("eHDFC Holdings") with and into erstwhile Housing Development Finance Corporation Limited ("eHDFC Limited"); and thereafter (ii) eHDFC Limited into the Bank became effective from July 01, 2023, upon receipt of all requisite approvals. Accordingly, the financial statements of the Bank included operations of eHDFC Limited, eHDFC Investments and eHDFC Holdings from July 01, 2023 onwards. The Bank has overseas branch operations in Bahrain, Hong Kong, Dubai, Singapore and an Offshore Banking Unit at International Financial Service Centre (IFSC) in GIFT City, India. The financial accounting systems of the Bank are centralised and, therefore, accounting returns are not required to be submitted by branches of the Bank.

B BASIS OF PREPARATION

The standalone financial statements have been prepared and presented under the historical cost convention and accrual basis of accounting, unless otherwise stated and are in accordance with Generally Accepted Accounting Principles in India ('Indian GAAP'), statutory requirements prescribed under the Third Schedule of the Banking Regulation Act, 1949, directions, circulars, notifications and guidelines issued by the Reserve Bank of India ('RBI') from time to time (RBI guidelines), Accounting Standards ('AS') specified under Section 133 of the Companies Act, 2013 read together with the Companies (Accounts) Rules, 2014 and the Companies (Accounting Standards) Rules, 2021, in so far as they apply to banks.

Use of estimates

The preparation of financial statements in conformity with Indian GAAP requires the management to make estimates and necessary assumptions in the reported amounts of assets and liabilities (including contingent liabilities) as

at the date of the financial statements and the reported income and expenses for the reporting year. Management believes that the estimates used in the preparation of the financial statements are prudent and reasonable. Actual results could differ from these estimates. The impact of any revision in the accounting estimates is recognised prospectively from the period of change.

C SIGNIFICANT ACCOUNTING POLICIES

1. Investments

The RBI, vide its master direction dated September 12, 2023, issued revised norms for the classification, valuation and operation of investment portfolio of banks, which became applicable from April 01, 2024 (herein after referred as 'revised norms on investments').

Classification:

In accordance with the revised norms on investments, investments are classified on the date of purchase into "Held to Maturity" ('HTM'), "Available for Sale" ('AFS') and "Fair value through Profit and Loss" ('FVTPL') categories (hereinafter called "categories"). "Held for Trading" ('HFT') is a separate investment sub-category within FVTPL. All investments in subsidiaries, associates and joint ventures are categorised in a distinct category Group companies ("Group cos"). Under each of these categories, investments are further classified under six groups (hereinafter called "groups") - Government Securities, Other Approved Securities, Shares, Debentures and Bonds, Investments in Subsidiaries / Joint Ventures and Other Investments.

Hitherto, investments were classified on the date of purchase into "Held for Trading" ('HFT'), "Available for Sale" ('AFS') and "Held to Maturity" ('HTM') categories. (hereinafter called "categories"). Subsequent shifting amongst the categories was done in accordance with the RBI guidelines. Under each of these categories, investments were further classified into six groups (hereinafter called "groups"), Government securities, Other approved securities, Shares, Debentures and Bonds, Investments in subsidiaries / Joint Ventures and Other Investments.

Purchase and sale transactions in securities are accounted on settlement date except in the case of equity shares which are accounted on trade date.

Basis of classification:

Investments which the Bank intends to hold till maturity and contractual terms there of gives rise to cash flows that are solely payment of principal and interest on principal outstanding (SPPI) are classified under HTM category. All investments in subsidiaries / associates / joint ventures are classified under the category of Group Companies (Group Cos.). Investments which the Bank acquires with an objective that is achieved by both collecting contractual cashflows and selling securities and where the contractual terms of the investment meet the SPPI criterion are classified under AFS category. Investments not classified in any of the above categories are classified under FVTPL category. HFT, which is a sub-category of FVTPL consists of all instruments that meet the specifications for HFT instruments prescribed by the RBI.

Hitherto, investments which the Bank intended to hold till maturity were classified under HTM category and investments that were held for resale within 90 days from the date of purchase were classified under HFT. Investments which were not classified in either of the above categories were classified under AFS category.

Acquisition cost:

Costs, including brokerage and commission paid at the time of acquisition of investments and broken period interest on debt instruments, are recognised in the Profit and Loss Account and are not included in the cost of acquisition.

Valuation:

In accordance with the revised norms on investments:

- Investments classified under FVTPL and AFS categories are fair valued individually. Net gain or loss arising on such valuation of FVTPL category is directly taken to the Profit and Loss Account. The net appreciation or depreciation (adjusted for the effect of applicable taxes, if any) in AFS Category is directly taken to AFS reserve without routing through the Profit & Loss Account.

Hitherto, investments classified under AFS and HFT categories were marked to market individually, and depreciation / appreciation was aggregated for each group. Net depreciation, if any, compared to the acquisition cost, in any of the six groups, was charged to the Profit and Loss Account and net

appreciation, if any, in any of the six groups was not recognised except to the extent of depreciation provided earlier.

- Quoted investments are valued based on the trades / quotes on the recognised stock exchanges or prices published by Financial Benchmarks India Pvt Ltd. (FBIL) or Fixed Income Money Market and Derivatives Association (FIMMDA). Investments denominated in foreign currencies are valued based on the prices provided by market information providers such as Bloomberg, Refinitiv, etc.
- Unquoted Government of India securities, state government securities and special bonds such as oil bonds, fertilizer bonds etc. issued by the Government of India are valued as per the prices published by FBIL. The valuation of other unquoted fixed income securities (viz. other approved securities and bonds and debentures) and preference shares is done with appropriate mark-up, i.e. applicable FIMMDA published credit spreads over the Yield to Maturity (YTM) rates for Government of India securities as published by FBIL.
- Unquoted equity shares are valued at the break-up value, ascertained from the company's latest balance sheet. The date as on which the latest balance sheet is drawn up does not precede the date of valuation by more than 18 months. In case the latest audited balance sheet is not available or is more than 18 months old, the shares are valued at ₹ 1 per company.
- Units of mutual funds are valued at the latest Net Asset Value (NAV) declared by the mutual fund.
- Treasury bills, commercial papers and certificate of deposits being discounted instruments are valued at carrying cost.
- Investments in Security Receipts (SRs) and unquoted units of Infrastructure Investment Trust (InvIT) are valued as per the net asset value provided by the issuing Asset Reconstruction Company and InvIT respectively.
- Investments in unquoted units of Alternative Investment Fund (AIF) are valued at NAV provided by the AIF based on its financial statements. Where an AIF fails to carry out and disclose the valuation of

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

As at March 31, 2025

its investments by an independent valuer as per the frequency mandated by SEBI, the value of its units is treated as ₹ 1. In case AIF is not registered under SEBI (Alternative Investment Fund) Regulation, 2012, and the latest disclosed valuation of its investments by an independent valuer precedes the date of valuation by more than 18 months the value of its units is treated as ₹ 1.

- Pass Through Certificates (PTCs) including Priority Sector-PTCs are valued by using FIMMDA credit spreads as applicable for the NBFC category, based on the credit rating of the respective PTC over the YTM rates for Government of India securities published by FBIL.
- Investments classified under HTM and Group Cos. category are carried at their acquisition cost and not marked to market. Any diminution, other than temporary, in the value of investments in HTM and Group Cos. category is provided for. Hitherto, any premium on investments classified under HTM category, was amortised over the remaining maturity period of the security on a constant yield-to-maturity basis.
- For all debt securities meeting SPPI criteria (except short sale securities), any discount or premium on acquisition is accreted or amortised over the remaining maturity period of the security on a constant yield-to-maturity basis. Such accretion or amortisation of discount or premium is classified under interest income from investments.
- The investment portfolio is categorised into three fair value hierarchies viz. Level 1, Level 2, and Level 3:
 - Level 1 Financial Instruments are valued with inputs such as quoted prices in active markets for identical instruments.
 - Level 2 Financial Instruments are valued with inputs other than quoted prices, that are observable for asset or liability either directly or indirectly.
 - Level 3 Financial Instruments are valued using unobservable inputs.
- All investments are measured at fair value on initial recognition. Unless facts and circumstances suggest

that the fair value is materially different from the acquisition cost, it is presumed that the acquisition cost is the fair value. In case of Level 1 and Level 2 instruments, when acquisition cost is not equal to fair value, any Day 1 gain / loss is recognised in the Profit and Loss Account. In case of Level 3 instruments, any Day 1 loss is recognized immediately in the Profit and Loss Account whereas any Day 1 gain is deferred. In case of Level 3 debt instruments, the Day 1 gain is amortized on a straight-line basis up to the maturity date (or earliest call date for perpetual instruments), while for unquoted Level 3 equity instruments, the gain is set aside as a liability until the security is listed or derecognised.

- Non-performing investments (NPIs) are identified, and provision is made thereon based on the RBI guidelines. Provision for NPIs is not set-off against appreciation in respect of performing investments. Appreciation, if any, in the value of a NPI is not recognised. Income on NPIs is not recognised until received.

Disposal of investments:

In accordance with the revised norms on investments, Profit / Loss on sale of investments under the aforesaid categories is recognised in the Profit and Loss Account except for equity instruments designated under AFS at the time of initial recognition, in respect of which the gains and losses are transferred from AFS Reserve to the Capital Reserve. Hitherto entire Profit / Loss on sale of investments, were recognised in the Profit and Loss Account. Cost of investments is determined based on the weighted average cost method. The profit from sale of investment under HTM and Group Cos. categories, net-off taxes and transfer to statutory reserve is appropriated from the Profit and Loss Account to "Capital Reserve", in accordance with RBI guidelines.

Short sale:

The Bank undertakes short sale transactions in Central Government dated securities in accordance with the RBI guidelines. The short position is categorised under HFT and netted off from investments in government securities. The short position along with other government securities under HFT portfolio is marked to market and the resultant MTM profit or loss, is taken to the Profit and Loss Account. Profit / Loss on short sale is recognised on settlement date.

2. Repurchase and reverse repurchase transactions:

Repurchase (Repo) and reverse repurchase (Reverse Repo) transactions are reported as borrowing and lending (lending above 14 days tenor reported as advances) respectively.

Borrowing cost on repo transactions is accounted as interest expense and revenue on reverse repo transactions is accounted as interest income.

3. Advances

Classification:

Advances are classified as performing and non-performing based on the RBI guidelines and are stated net of bills rediscounted, inter-bank participation with risk, specific loan loss provision, interest suspense for non-performing advances, claims received from Credit Guarantors, provision for funded interest term loan and provision for diminution in the fair value of restructured assets.

The Bank classifies its loans and investments, including overseas branches and overdues from crystallised derivative contracts, into performing assets and non-performing assets (NPAs) in accordance with RBI guidelines. Further the NPAs are classified into sub-standard, doubtful and loss assets based on the criteria stipulated by RBI. Non-performing assets are upgraded into standard as per the extant RBI guidelines.

Provisioning:

Specific loan loss provision in respect of non-performing advances is made based on management's assessment of the degree of impairment of advances, subject to the minimum provisioning prescribed by the RBI.

The specific loan loss provision for retail non-performing advances is also made based on the nature of product and delinquency levels.

Non-performing advances are written-off in accordance with the Bank's policy. Recoveries from bad debts written-off are included under other income.

Loans reported as frauds are classified as loss assets and fully provided for immediately without considering the value of security.

The Bank maintains general provision for standard assets including credit exposures computed as per the current marked to market values of interest rate and foreign exchange derivative contracts and gold. The Bank also maintains general provision for unhedged foreign currency exposures of borrowers, provision on loans to specific borrowers in specific stressed sectors, provision on exposures to step-down subsidiaries of Indian companies and provision on specified borrowers as prescribed by RBI. In the case of overseas branches, general provision on standard assets is maintained at the higher of the levels stipulated by the respective overseas regulator or RBI. The provision for standard assets is included under other liabilities.

In addition to the above, the Bank on a prudent basis makes provision on advances or exposures which are not NPAs, but has reasons to believe on the basis of the extant environment or specific information or basis regulatory guidance / instructions, of a possible slippage of a specific advance or a group of advances or exposures or potential exposures. These are classified as contingent provisions and included under other liabilities.

Provision made in addition to the Bank's policy for specific loan loss provision for non-performing assets, possible slippage of specific exposures and regulatory general provision is categorised as floating provision. Creation of floating provision is considered by the Bank up to a level approved by the Board of Directors. Floating provisions are used only for contingencies under extraordinary circumstances and for making specific provisions for non-performing accounts. Floating provisions are included under other liabilities.

Further to the provisions required to be held according to the asset classification status, provision is held for individual country exposures (other than for home country exposure). Countries are categorised into risk categories as per Export Credit Guarantee Corporation of India Ltd. ('ECGC') guidelines and provisioning is made in respect of that country where the net funded exposure is one percent or more of the Bank's total assets. Provision for country risk is included under other liabilities.

In accordance with the RBI guidelines on the prudential framework for resolution of stressed assets and the resolution frameworks for COVID-19 related stress and its Board approved policy, the Bank has implemented resolution plans for eligible borrowers. The asset classification and necessary provision thereon is made

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

As at March 31, 2025

in accordance with the said RBI guidelines. Restructured assets involving compromise settlements, where the time for payment of the agreed settlement amount exceeds three months are classified and provided for in accordance with the guidelines issued by the RBI from time to time.

The restructured loans are upgraded into standard category as per the extant RBI guidelines. Further, in respect of restructuring of loans pertaining to projects under implementation, the asset classification and necessary provision thereon is made in accordance with the said RBI guidelines.

4. Securitisation and transfer of assets

Assets transferred through securitisation and direct assignment of cash flows are de-recognised in the Balance Sheet when they are sold (true sale criteria being fully met with) and consideration is received. Sales / transfers that do not meet true sale criteria are accounted for as borrowings. For a securitisation or direct assignment transaction, the Bank recognises profit upon receipt of the funds and loss is recognised at the time of sale. Unrealised gains associated with expected future margin income is recognised in profit and loss account on receipt, after absorbing losses, if any.

On sale of stressed assets, if the sale is at a price below the net book value (i.e., funded outstanding less specific provisions held), the shortfall is charged to the Profit and Loss Account and if the sale is for a value higher than the net book value, the excess provision is credited to the Profit and Loss Account in the year when the sum of cash received by way of initial consideration and / or redemption or transfer of security receipts issued by Securitisation Company ('SC') / Reconstruction Company ('RC') exceeds the net book value of the loan at the time of transfer. Where the sale consideration is comprised of only cash and SRs guaranteed by the Government of India, the excess provision is credited to the Profit and Loss Account in the year of transfer.

In respect of stressed assets sold under an asset securitisation, where the investment by the bank in SRs issued against the assets transferred by it is more than 10 percent of such SRs, provisions held against outstanding SRs are higher of the provisions required in terms of net asset value declared by the SC / RC and provisions as per the extant norms applicable to the underlying loans, notionally treating the book value of these SRs as

the corresponding stressed loans assuming the loans remained in the books of the Bank.

The Bank invests in PTCs issued by Special Purpose Vehicles (SPVs). These are accounted at acquisition cost and are classified as investments. The Bank also buys loans through the direct assignment route which are classified as advances. PTCs are carried at acquisition cost unless it is more than the face value, in which case the premium is amortised based on effective interest rate method.

The Bank transfers advances through inter-bank participation with and without risk. In the case of participation with risk, the aggregate amount of the participation issued by the Bank is reduced from advances. In case where the Bank is assuming risk by participation, the aggregate amount of the participation is classified under advances. In the case of issue of participation certificate without risk, the aggregate amount of participation issued by the Bank is classified under borrowings and where the Bank is acquiring participation certificate, the aggregate amount of participation acquired is shown as due from banks under advances.

5. Fixed assets and depreciation

Fixed assets are stated at cost less accumulated depreciation as adjusted for impairment, if any. Cost includes cost of purchase and all expenditure like site preparation, installation costs and professional fees incurred on the asset before it is ready to use. Subsequent expenditure incurred on assets put to use is capitalised only when it increases the future benefit / functioning capability from / of such assets.

Depreciation is charged over the estimated useful life of the fixed asset on a straight-line basis except for freehold land. The management believes that the useful life of assets assessed by the Bank, pursuant to Part C of Schedule II to the Companies Act, 2013, taking into account changes in environment, changes in technology, the utility and efficacy of the asset in use, fairly reflects its estimate of useful lives of the fixed assets. The estimated useful lives of key fixed assets are given below:

Asset	Estimated useful life as assessed by the Bank
Owned Premises	60 years
Automated Teller Machines (ATMs)	10 years
Electrical equipments and installations	6 to 8 years
Office equipments	3 to 6 years
Computers	3 years
Modems, routers, switches, servers, network and related IT equipments	3 to 6 years
Motor cars	4 years
Safe deposit lockers	21 years
Furniture and fittings	10 to 16 years

- Leasehold land is depreciated over the period of lease.
- Improvements to leasehold premises are amortised over the remaining period of lease.
- Software and system development expenditure is amortised over a period upto 5 years.
- Point of Sales (PoS) terminals (including sound box) are depreciated over a period of 4 years.
- For assets purchased and sold during the year, depreciation is provided on pro-rata basis.
- Whenever there is a revision of the estimated useful life of an asset, the unamortised depreciable amount is charged over the revised remaining useful life of the said asset.
- Profit on sale of immovable property net of taxes and transfer to statutory reserve, are transferred to capital reserve.
- Assets (other than PoS terminals) costing less than ₹ 5,000 individually, are fully depreciated in the year of purchase.

6. Non-Banking Assets

Non-Banking Assets (NBAs) acquired in satisfaction of claims are carried at lower of net book value or net realizable value.

7. Impairment of assets

The Bank assesses at each Balance Sheet date whether there is any indication that an asset may be impaired.

Impairment loss, if any, is provided to the extent the carrying amount of assets exceeds their estimated recoverable amount.

8. Translation of foreign currency items

Foreign currency income and expenditure items of domestic operations are translated at the exchange rates prevailing on the date of the transaction. Income and expenditure items of integral foreign operations (representative offices) are translated at the weekly average closing rates and of non-integral foreign operations (foreign branches and offshore banking units) at the monthly average closing rates.

Outstanding foreign currency monetary items of domestic and integral foreign operations are translated at the closing exchange rates notified by Foreign Exchange Dealers' Association of India (FEDAI) as at the Balance Sheet date and the resulting net revaluation profit or loss is recognised in the Profit and Loss Account.

Both monetary and non-monetary foreign currency assets and liabilities of non-integral foreign operations are translated at closing exchange rates notified by FEDAI at the Balance Sheet date and the resulting profit / loss arising from exchange differences are accumulated in the Foreign Currency Translation Reserve until disposal of the non-integral foreign operations in accordance with AS - 11, The Effects of Changes in Foreign Exchange Rates and the extant RBI guidelines.

Foreign currency denominated contingent liabilities on account of foreign exchange and derivative contracts, guarantees, letters of credit, acceptances and endorsements are translated at closing rates of exchange notified by FEDAI as at the Balance Sheet date.

9. Foreign exchange and derivative contracts

Foreign exchange spot and forward contracts, outstanding as at the Balance Sheet date and held for trading, are revalued at the closing spot and forward rates respectively as notified by FEDAI and at interpolated rates for contracts of interim maturities. The USD-INR exchange rate for valuation of contracts having longer maturities i.e. greater than one year, is derived using the USD-INR spot rate as well as relevant INR yield curve and USD yield curve. For other currency pairs, and non-deliverable contracts, the forward points (for rates / tenors not published by FEDAI) are obtained / derived basis data published by Refinitiv or Bloomberg for valuation of

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

As at March 31, 2025

the contracts. Valuation is considered on present value basis. For this purpose, the forward profit or loss on the contracts are discounted to the valuation date using the discounting yields. The resulting profit or loss on valuation is recognised in the Profit and Loss Account. Marked to market value of foreign exchange contracts are classified as assets when the fair value is positive or as liabilities when the fair value is negative.

The Bank recognises all derivative contracts at fair value, on the date on which such derivative contracts are entered into and are re-measured at fair value as at the Balance Sheet date. Marked to market values of such derivatives are classified as assets when the fair value is positive or as liabilities when the fair value is negative.

The Bank as part of its risk management strategy, makes use of derivative instruments, including foreign exchange forward contracts, for hedging the risk embedded in some of its financial assets or liabilities recognised on the balance sheet. The Bank identifies the hedged item (asset or liability) at the inception of the transaction itself. Hedge effectiveness is ascertained at the time of the inception of the hedge and at the reporting date thereafter.

Foreign exchange forward contracts and Principal only swaps (POS) not intended for trading, that are entered into to establish the amount of reporting currency required or available at the settlement date of a transaction, and are outstanding at the Balance Sheet date, are accounted in accordance with AS-11. Accordingly, such contracts are not marked to market and only translated at spot rate. The premium or discount arising at the inception of such forward exchange contract is amortised on a straight line basis as expense or income over the life of the contract. The interest income / expense on such POS transaction is accounted on accrual basis.

In case of a fair value hedge, the changes in the fair value of the hedging instruments and hedged items are recognised in the Profit and Loss Account and in case of cash flow hedges, the changes in fair value of effective portion are recognised in Reserves and Surplus under 'Cash flow hedge reserve' and ineffective portion of an effective hedging relationship, if any, is recognised in the Profit and Loss Account. The accumulated balance in the cash flow hedge reserve, in an effective hedging relationship, is recycled in the Profit and Loss Account at the same time that the impact from the hedged item is recognised in the Profit and Loss Account.

In relation to derivative contracts with non-performing borrowers, the Bank makes provision for the entire amount of overdue and future receivables relating to positive marked to market value of the said derivative contracts.

10. Revenue recognition

Interest income is recognised in the Profit and Loss Account on an accrual basis, except in the case of non-performing assets which is recognised when realised.

Interest income on investments in PTCs and loans bought out through the direct assignment route is recognised at their effective interest rate.

Income on non-coupon bearing discounted instruments is recognised over the tenor of the instrument on a constant yield basis.

Dividend on equity shares and preference shares is recognised as income when the right to receive the dividend is established.

Income from units of mutual funds / AIF is recognised on cash basis.

Loan processing fee is recognised as income when due. Syndication / Arranger fee is recognised as income when a significant act / milestone is completed.

Gain / loss on sell down of loans is recognised in line with the extant RBI guidelines.

Guarantee commission, commission on letter of credit, annual locker rent fees and annual fees for credit cards are recognised on a straight-line basis over the period of contract. Other fees and commission income are recognised when due, where the Bank is reasonably certain of ultimate collection.

Fees paid / received for priority sector lending certificates (PSLC) is recognised on straight-line basis over the period of the certificate.

11. Employee benefits

Stock based Employee Compensation:

The Employee Stock Option Scheme ('the Scheme') provides for the grant of options to acquire equity shares of the Bank to its employees and whole time directors. The Employee Stock Incentive Master Scheme-2022

(ESIS-2022) provides for the grant of Restricted Stock Units (units) to acquire equity shares of the Bank to its employees and whole time directors. The options / units granted shall vest as per their vesting schedule and these may be exercised within a specified period.

The Bank followed the intrinsic value method to account for its stock-based employee compensation plans in respect of options granted up to March 31, 2021. Compensation cost was measured by the excess, if any, of the market price of the underlying stock over the exercise price as determined under the option plan. The market price is the closing price on the stock exchange where there is highest trading volume on the working day immediately preceding the date of grant.

Effective April 01, 2021, the fair value of share-linked instruments on the date of grant for all instruments granted after March 31, 2021 is recognised as an expense in accordance with the RBI guidelines on Compensation of Whole Time Directors / Chief Executive Officers / Material Risk Takers and Control Function staff.

The fair value of the stock-based employee compensation is estimated on the date of grant using Black-Scholes model.

The compensation cost is amortised on a straight-line basis over the vesting period after adjusting estimated forfeiture. Ultimately, the cost for all instruments that vest is recognised. The compensation expense is recognised in the Profit and Loss Account with a corresponding credit to Employee Stock Options Outstanding. On exercise of the stock options, corresponding balance in Employee Stock Options Outstanding is transferred to Share Premium. In respect of the options which expire unexercised, the balance standing to the credit of Employee Stock Options Outstanding is transferred to General Reserve.

Gratuity:

The Bank has an obligation towards gratuity, a defined benefit retirement plan covering all eligible employees. The plan benefit vests upon completion of minimum prescribed period of continuous years of service and is in the form of lump sum amount, without an upper limit, equivalent to 15 days' basic salary payable for each completed year of service to all eligible employees on resignation, retirement or death while in employment or on termination of employment, except in respect of employees of eHDFC Limited, where the vesting is equivalent to one

month's basic salary for each completed year of service till the effective date of amalgamation. The Bank makes contributions to a recognised Gratuity Trust administered by trustees and whose funds are managed by insurance companies. In respect of erstwhile Lord Krishna Bank (eLKB) employees, the Bank makes contribution to a fund set up by eLKB and administered by the Board of Trustees. The defined gratuity benefit plans are valued by an independent actuary as at the Balance Sheet date using the projected unit credit method as per the requirement of AS-15, Employee Benefits, to determine the present value of the defined benefit obligation and the related service costs. The actuarial calculations entails assumptions about demographics, early retirement, salary increases and interest rates. Actuarial gain or loss is recognised in the Profit and Loss Account.

Superannuation:

The Bank has a Superannuation Plan under which employees of the Bank, above a prescribed grade, are entitled to receive retirement benefits either through salary or under a defined contribution plan. For those opting for a defined contribution plan, the Bank contributes a sum equivalent to 13% of the employee's eligible annual basic salary (15% for the whole time directors and for certain eligible employees of the erstwhile Centurion Bank of Punjab (eCBoP staff)) to a Trust administered by trustees and whose funds are managed by insurance companies. The Bank has no liability towards future superannuation fund benefits other than its contribution and recognises such contribution as an expense in the year incurred.

Provident fund:

The Bank is covered under the Employees Provident Fund and Miscellaneous Provisions Act, 1952 and accordingly all employees of the Bank are entitled to receive benefits under the provident fund. The Bank contributes an amount, on a monthly basis, at a determined rate (currently 12% of employee's basic salary). Of this, the Bank contributes an amount equal to 8.33% of employee's basic salary up to a maximum salary level of ₹ 15,000/- per month, to the Pension Scheme administered by the Regional Provident Fund Office. The balance amount out of the 12% employer's share is contributed to an exempted Trust set up by the Bank and administered by the Board of Trustees. The Bank recognises such contributions as an expense in the year in which it is incurred.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

As at March 31, 2025

Interest payable to the members of the exempted trust shall not be lower than the statutory rate of interest declared by the Central Government under the Employees Provident Funds and Miscellaneous Provisions Act, 1952 and shortfall, if any, shall be made good by the Bank.

The guidance note on implementing AS-15, Employee Benefits, states that benefits involving employer established provident funds, which require interest shortfalls to be provided, are to be considered as defined benefit plan. Actuarial valuation of this Provident Fund interest shortfall is done as per the guidance note issued in this respect by The Institute of Actuaries of India (IAI) and provision towards this liability is made.

The overseas branches of the Bank make contribution to the respective applicable government social security scheme calculated as a percentage of the employees' salaries. The Bank's obligations are limited to these contributions, which are expensed when due, as such contribution is in the nature of defined contribution.

Pension:

In respect of pension payable to certain eLKB employees under the Lord Krishna Bank (Employees) Pension Scheme, which is a defined benefit scheme, the Bank contributes 10% of basic salary to a pension trust set up by the Bank and administered by the Board of Trustees and an additional amount towards the liability shortfall based on an independent actuarial valuation as at the Balance Sheet date, which includes assumptions about demographics, early retirement, salary increases and interest rates.

In respect of certain eLKB employees who had moved to a Cost to Company (CTC) based compensation structure and had completed less than 15 years of service, the contribution which was made until then, is maintained as a fund and will be converted into annuity on separation after a lock-in-period of two years. For this category of employees, liability stands frozen and no additional provision is required except for interest as applicable to Provident Fund, which is provided for.

In respect of certain eLKB employees who moved to a CTC structure and had completed service of more than 15 years, pension would be paid on separation based on salary applicable as on the date of movement to CTC structure. Provision thereto is made based on

an independent actuarial valuation as at the Balance Sheet date.

National Pension System (NPS):

In respect of employees who opt for contribution to the NPS, the Bank contributes certain percentage of the basic salary of employees to the aforesaid scheme, a defined contribution plan, which is managed and administered by pension fund management companies. The Bank has no liability other than its contribution and recognises such contributions as an expense in the year incurred.

12. Debit and credit cards reward points

The Bank estimates the probable redemption of debit and credit card reward points and cost per point using an actuarial method by employing an independent actuary, which includes assumptions such as discount rate, block, withdrawal, cost per reward point, mortality, redemption and spends. Provisions for liabilities on the outstanding reward points are made based on an independent actuarial valuation as at the Balance Sheet date and included in other liabilities and provisions.

13. Bullion

The Bank imports bullion including precious metal bars on a consignment basis or through exchange (India International Bullion Exchange – Gift City). The imports are typically on a back-to-back basis and are priced to the customer based on the price quoted by the supplier. The difference between the price recovered from customers and cost of bullion is accounted at the time of sale to the customers and reported as "Other Income".

The Bank also deals in bullion on a borrowing and lending basis and the interest thereon is accounted as interest expense / income respectively.

14. Segment information

The disclosure relating to segment information is in accordance with AS-17, Segment Reporting and as per guidelines issued by RBI.

15. Lease accounting

Lease payments including cost escalation for assets taken on operating lease are recognised as expense in the Profit and Loss Account over the lease term on a straight-line basis in accordance with the AS-19, Leases.

16. Earnings per share

The Bank reports basic and diluted earnings per equity share in accordance with AS-20, Earnings per Share. Basic earnings per equity share has been computed by dividing net profit for the year attributable to equity shareholders by the weighted average number of equity shares outstanding for the year. Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted to equity during the year. Diluted earnings per equity share are computed using the weighted average number of equity shares and the dilutive potential equity shares outstanding during the year except where the results are anti-dilutive.

17. Income tax

Income tax expense is the aggregate amount of current tax and deferred tax expense incurred by the Bank. Current tax expense is determined in accordance with the relevant provisions of the Income Tax Act, 1961 and rules framed thereunder and considering the material principles set out in the Income Computation and Disclosure Standards to the extent applicable. Deferred tax expense is determined as per AS-22, Accounting for Taxes on Income. Deferred tax assets and liabilities are recognised for the future tax consequences of timing differences between the carrying values of assets and liabilities and their respective tax bases, and operating loss carried forward, if any. Deferred tax assets and liabilities are measured using the enacted or substantively enacted tax rates as at the Balance Sheet date.

Current tax assets and liabilities and deferred tax assets and liabilities are off-set when they relate to income taxes levied by the same taxation authority, when the Bank has a legal right to off-set and when the Bank intends to settle on a net basis.

Deferred tax assets are recognised only to the extent there is reasonable certainty that the assets can be realised in future. In case of unabsorbed depreciation or carried forward loss under taxation laws, deferred tax assets are recognised only if there is virtual certainty of realisation of such assets. Deferred tax assets are reviewed at each Balance Sheet date and appropriately adjusted to reflect the amount that is reasonably / virtually certain to be realised.

18. Accounting for provisions, contingent liabilities and contingent assets

In accordance with AS-29, "Provisions, Contingent Liabilities and Contingent Assets", the Bank recognises

provisions when it has a present obligation as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and when a reliable estimate of the amount of the obligation can be made.

Provisions are determined based on management estimate required to settle the obligation at the Balance Sheet date, supplemented by experience of similar transactions. These are reviewed at each Balance Sheet date and adjusted to reflect the current management estimates.

A disclosure of contingent liability is made when there is:

- a possible obligation arising from a past event, the existence of which will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not within the control of the Bank; or
- a present obligation arising from a past event which is not recognised as it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets, if any, are not recognised in the financial statements since this may result in the recognition of income that may never be realised.

19. Cash and cash equivalents

Cash and cash equivalents include cash, gold in hand, rupee digital currency with RBI, balances with RBI, balances with other banks and money at call and short notice.

20. Share issue expenses

Share issue expenses are adjusted against Share Premium Account in terms of Section 52 of the Companies Act, 2013.

21. Corporate social responsibility

Expenditure towards corporate social responsibility, in accordance with Companies Act, 2013, is recognised in the Profit and Loss Account.

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2025

SCHEDULE 18 - Schedules forming part of the standalone financial statements for the year ended March 31, 2025

Amounts in notes forming part of the standalone financial statements for the year ended March 31, 2025 are denominated in rupee crore to conform to extant RBI guidelines, except where stated otherwise.

1. Amalgamation of HDFC Limited

The Board of Directors at its meeting held on April 04, 2022, approved a composite Scheme of amalgamation ("Scheme"), for the amalgamation of: (i) erstwhile HDFC Investments Limited ("eHDFC Investments") and erstwhile HDFC Holdings Limited ("eHDFC Holdings"), with and into erstwhile Housing Development Finance Corporation Limited ("eHDFC Limited"); and thereafter (ii) eHDFC Limited into HDFC Bank Limited ("Bank"), and their respective shareholders and creditors, under Sections 230 to 232 of the Companies Act, 2013 and other applicable laws including the rules and regulations. The Scheme was approved by the shareholders at the National Company Law Tribunal ("NCLT") convened meeting of the shareholders of the Bank held on November 25, 2022. The NCLT, in accordance with Sections 230 to 232 of the Companies Act, 2013 and rules thereunder, vide its order dated March 17, 2023 sanctioned the Scheme. Upon receipt of all requisite approvals, the Bank filed form INC 28 with Registrar of Companies on July 01, 2023 and accordingly, the Scheme became effective on July 01, 2023. As per the Scheme, the appointed date for the amalgamation of eHDFC Limited with and into the Bank is the same as effective date of the Scheme i.e. July 01, 2023. The Profit and Loss Account for the year ended March 31, 2025 include the operations of eHDFC Limited which amalgamated with and into HDFC Bank on July 01, 2023 and hence are not comparable with the Profit and Loss Account for the year ended March 31, 2024.

The amalgamation was accounted under the 'pooling of interest' method as prescribed in Accounting Standard-14 "Accounting for amalgamation" ("AS-14"). Outstanding balances between eHDFC Limited and the Bank were eliminated as on July 01, 2023. All assets and liabilities of eHDFC Limited were recognised by the Bank at their carrying amounts as on that date except for adjustments to bring about uniformity of accounting policies as required under AS-14. The share capital of ₹ 311.04 crore issued by the Bank as consideration pursuant to the Scheme was adjusted against the corresponding share capital of eHDFC Limited of ₹ 370.29 crore and the difference was adjusted to Amalgamation Reserve. Further, excess of cost over face value of Investment in shares of the Bank by eHDFC Limited of ₹ 14,006.31 crore was adjusted to Amalgamation Reserve. Consequently, the Bank recognised a debit balance of ₹ 13,947.06 crore in the Amalgamation Reserve as a result of these adjustments.

Summarized values of assets and liabilities taken over as at July 01, 2023 in accordance with the terms of the Scheme is as detailed below:

Particulars	(₹ crore)
Assets taken over	
Balances with banks and money at call and short notice	5,408.87
Investments	146,773.54
Advances	605,664.86

Other assets	14,338.34
Total Assets (A)	773,628.21
Liabilities, reserves and surplus taken over	
Equity share warrants	265.64
Employees stock options outstanding	123.81
Reserves and surplus	111,005.85
Deposits	157,259.22

Particulars	(₹ crore)
Borrowings	477,539.07
Other liabilities and provisions	27,064.33
Total Liabilities, reserves and surplus (B)	773,257.92
Net Assets C = (A-B)	370.29

Consequent upon amalgamation becoming effective, the authorised share capital of the Bank stood increased to ₹ 1,190.61 crore (11,90,61,00,000 shares of ₹ 1/- each) on account of transfer to and amalgamation / combination of authorised capital of eHDFC Limited with the authorised share capital of the Bank. In terms of the Scheme, the Bank issued and allotted 3,11,03,96,492 equity shares to the shareholders of eHDFC Limited as on July 13, 2023, being the record date fixed by the Board of Directors as per the Scheme, in accordance with the share exchange ratio i.e. 42 equity shares of face value of ₹ 1/- each of the Bank for every 25 equity shares of face value of ₹ 2/- each of eHDFC Limited. Accordingly, the paid-up share capital of the Bank increased from ₹ 559.18 crore consisting of 5,59,17,98,806 equity shares of ₹ 1/- each to ₹ 753.76 crore consisting of 7,53,75,69,464 equity shares of ₹ 1/- each, post cancellation of 1,16,46,25,834 equity shares held by eHDFC Limited in the Bank on that date in accordance with the provisions of the Scheme.

As part of the Scheme, certain leased out immovable properties of eHDFC Limited were transferred to the Bank on amalgamation. The Bank has initiated necessary steps to foreclose these leases.

2. Proposed dividend

The Board of Directors at its meeting held on April 19, 2025 proposed a dividend of ₹ 22.00 per equity share (previous year: ₹ 19.50 per equity share) aggregating to ₹ 16,834.89 crore subject to the approval of shareholders at the ensuing Annual General Meeting. During the year ended March 31, 2025, the dividend paid by the Bank in respect of the previous year ended March 31, 2024 was ₹ 14,826.19 crore. In terms of the AS-4 "Contingencies and events occurring after the balance sheet date", the Bank has not appropriated the proposed dividend from the Profit and Loss Account and the same will be recognised in the year of actual payout post approval. However, effect of the proposed dividend has been reckoned in determining capital funds in computation of the capital adequacy ratio.

3. Change in accounting policy

The RBI, vide its master direction dated September 12, 2023, issued revised norms (herein after referred as 'revised norms on investments') for the classification, valuation and operation of investment portfolio of banks, which became applicable from April 01, 2024. While hitherto, the investment portfolio was classified under the Held to Maturity (HTM), Available for Sale (AFS) and Held for Trading (HFT) categories, the revised norms bring in a principle-based classification of investment portfolio and a symmetric treatment of fair value gains and losses. In accordance with the revised norms and the Bank's board approved policy, the Bank has classified its investment portfolio as on April 01, 2024 under the categories of Held to Maturity (HTM), Available for Sale (AFS), subsidiaries, associates and joint ventures and Fair Value Through Profit and Loss (FVTPL) with Held for Trading (HFT) as a sub-category of FVTPL, and from that date, measures and values the investment portfolio under the revised framework. On transition to the framework on April 01, 2024, the Bank has recognised a net gain of ₹ 482.87 crore (net of tax of ₹ 127.00 crore) which has been credited to general reserve, in accordance with the said norms. The impact of the revised framework subsequent to the transition is not ascertainable and as such the income / profit or loss from investments for the year ended March 31, 2025, is not comparable with that of the previous year.

4. Capital adequacy

The Bank's capital to risk-weighted assets ratio ('Capital Adequacy Ratio') is calculated in accordance with the RBI guidelines on Basel III capital regulations ('Basel III'). The minimum capital ratio requirement under Basel III as at March 31, 2025 and March 31, 2024 is as follows:

SCHEDULES TO THE STANDALONE FINANCIAL STATEMENTS

For the year ended March 31, 2025

Minimum ratio of capital to risk-weighted assets (RWAs)	% of RWAs
Common Equity Tier 1 (CET 1)	8.2

Accounting for employee share based payments

The shareholders of the Bank approved the grant of equity stock options under Plan "C" in June 2005, Plan "D" in June 2007, Plan "E" in June 2010, Plan "F" in June 2013, Plan "G" in July 2016 and Plan "H" in August 2024. The Bank also approved the Employee Stock Incentive Master Scheme in May 2022. Under the terms of each of these plans, the Bank may issue to its employees and Whole Time Directors, Equity Stock Options ('ESOPs') or Restricted Stock Units ('Units') each of which is convertible into one equity share. Further, pursuant to the amalgamation of eHDFC Limited with and into Bank effective from July 01, 2023, the existing ESOP Schemes of the eHDFC Limited comprising of eHDFC 2007, eHDFC 2008, eHDFC 2014, eHDFC 2017 and eHDFC 2020 were taken over by the Bank.

All the plans were framed in accordance with the SEBI (Employee Stock Option Scheme & Employee Stock Purchase Scheme) Guidelines, 1999 as amended from time to time and as applicable at the time of the grant. The accounting for the stock options has been in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 and RBI guidelines to the extent applicable.

The plans provide for the issuance of options at the recommendation of the Nomination and Remuneration Committee of the Board ('NRC') at the closing price on the working day immediately preceding the date when options are granted. This closing price is the closing price of the Bank's equity share on an Indian stock exchange with the highest trading volume as of the working day preceding the date of grant. Further, the units are issued at the face value of the equity share of ₹ 1/-

Qualitative disclosure on LCR

The Liquidity Coverage Ratio (LCR) is one of the Basel Committee's key reforms to develop a more resilient banking sector. The objective of the LCR is to promote the short-term resilience of the liquidity risk profile of banks. It does this by ensuring that banks have an adequate stock of unencumbered high-quality liquid assets (HQLA) that can be converted easily and immediately into cash to meet their liquidity needs for a 30 calendar day liquidity stress scenario. The LCR is expected to improve the banking sector's ability to absorb shocks arising from financial and economic stress, whatever the source, thus reducing the risk of spillovers from the financial sector to the real economy.

The Liquidity Risk Management of the Bank is governed by the Asset Liability Management (ALM) Policy approved by the Board. The Asset Liability Committee (ALCO) is a decision-making unit responsible for implementing the liquidity and interest rate risk management strategy of the Bank in line with its risk management objectives and ensures adherence to the risk tolerance / limits set by the Board. The Bank has also set up a senior level management committee, viz., the Group Risk Management Committee (GRMC) under the ICAAP framework of the Bank, to establish a formal and dedicated structure to periodically assess the nature / quantum of material risks of the subsidiaries and adequacy of its risk management processes, including providing oversight for managing liquidity risk. Liquidity for the Bank's domestic banking operations is directly managed at the Head Office. The overseas branches and offshore unit of the Bank independently manage their liquidity requirements with support from the Head Office. Similarly, the Bank's subsidiaries independently manage their liquidity requirements under guidance of the GRMC, which, along with senior management of the subsidiaries, reviews the risk assessment of material risks at the subsidiaries. Further, the Bank maintains suitable systems and processes to monitor liquidity requirements in other currencies as appropriate.

In order to determine cash outflows, the Bank segregates its deposits into various customer segments, viz., Retail (which include deposits from individuals), Small Business Customers (those with deposits upto ₹ 7.5 crore), and Wholesale (which would cover all residual deposits). Other contractual funding, including a portion of other liabilities which are expected to run down in a 30-day time frame are included in the cash outflows. These classifications, based on extant regulatory guidelines, are part of the Bank's LCR framework, and are also submitted to the RBI.

The LCR is calculated by dividing a Bank's stock of HQLA by its total net cash outflows over a 30-day stress period. The present minimum requirement, as on March 31, 2025, is 100%.

In the Indian context, the run-off factors for the stressed scenarios are prescribed by the RBI, for various categories of liabilities (viz., deposits, unsecured and secured wholesale borrowings), undrawn commitments, derivative-related exposures, and offset with inflows emanating from assets maturing within the same time period. Given below is a table of run-off factors and the average LCR maintained by the Bank quarter-wise over the past two years:

Particulars	Run-off factors
Retail deposits	5% - 10%
Small business customers	5% - 10%
Operational deposits	5% - 25%
Non-financial corporates, sovereigns, central banks, multilateral development banks, and PSEs	40%
Other legal entities	100%

- Divergence in the asset classification and provisioning**

In terms of the RBI guidelines, banks are required to disclose the divergence in asset classification and provisioning consequent to RBI's annual supervisory process in their notes to accounts to the financial statements, wherever the additional provisioning assessed / additional gross NPAs identified by RBI exceeds the threshold specified by RBI. The threshold for provisioning is 5 per cent of the reported profit before provisions and contingencies for the reference period and that for additional gross NPAs is 5 per cent of the published incremental Gross NPAs for the reference period.

There was no reportable divergence in asset classification and provisioning for NPAs for the year ended March 31, 2024 and March 31, 2023.

• Unhedged foreign currency exposure

The Bank has in place a policy and process for managing currency induced credit risk. The credit appraisal memorandum prepared at the time of origination and review of a credit facility is required to discuss the exchange risk that the customer is exposed to from all sources, including trade related, foreign currency borrowings and external commercial borrowings. It could cover the natural hedge available to the customer as well as other hedging methods adopted by the customer to mitigate exchange risk. For foreign currency loans granted by the Bank beyond a defined threshold the customer is encouraged to enter into appropriate risk hedging mechanisms with the Bank. Alternatively, the Bank satisfies itself that the customer has the financial capacity to bear the exchange risk in the normal course of its business and / or has other mitigants to reduce the risk. On a periodic basis, the Bank reviews information on the unhedged portion of foreign currency exposures of customers, whose total foreign currency exposure with the Bank exceeds a defined threshold. A Board approved credit risk rating linked limit on unhedged foreign currency position of customers is applicable when extending credit facilities to a customer. The compliance with the limit is assessed by estimating the extent of drop in a customer's annual Earnings Before Interest and Depreciation ('EBID') due to a potentially large adverse movement in exchange rate impacting the unhedged foreign currency exposure of the customer. Where a breach is observed in such a simulation, the customer is suitably advised to review and manage its unhedged exposure, where deemed necessary.

The Bank holds standard asset provisions of ₹ 318.05 crore (previous year: ₹ 392.13 crore) and maintains capital (including D-SIB) of ₹ 1,551.56 crore (previous year: ₹ 1,692.53 crore) as at March 31, 2025, in respect of the unhedged foreign currency exposure of its customers.

• Details of Single Counterparty Limit / Limit for Group of Connected Counterparties exceeded by the Bank

The RBI has prescribed limits linked to a bank's eligible capital base in respect of exposures to single counterparty and group of connected counterparties. During the years ended March 31, 2025 and March 31, 2024 the Bank was within the limits prescribed by the RBI.

• Inter-bank Participation with risk sharing

The aggregate amount of participation issued by the Bank and reduced from advances as per regulatory guidelines as at March 31, 2025 was ₹ 77,703.73 crore (previous year: ₹ 62,920.05 crore).
